From the Executive Engineer, Kistna Eastern Division, to the Superintending Engineer, II Circle, dated 9th August 1896, No. 2057.

With reference to your endorsement, No. 978 K.E., dated 16th July 1896, on Chief Engineer's memorandum No. 2790 C., dated 11th idem, I have the honour to inform you that the delta map for the division was prepared from village maps and a tracing of the Eastern delta was prepared and submitted to your office.

2. A tracing for the use of each Sub-division officer has also been prepared by the temporary draftsman. This work could not be performed by the permanent draftsmen as they were solely engaged in the preparation of plans and estimates for capital works and 42. Major Works and Working Expenses to be carried out during the current official year.

I may add that Mr. Smith has already brought to your notice in his letter No. 5190, dated 17th February 1895, that the completion of the delta map would be delayed for an indefinite period, if the work is taken up by the permanent establishment.

3. The services of the temporary draftsman sanctioned in your No. 2452 K.E., dated 26th February 1896, have been dispensed with from the 1st August 1896, and I request you will be good enough to obtain the sanction of Government for the continued employment of temporary draftsman up to 31st July 1896, as already requested in this office letter No. 1192, dated 16th June 1896.

ORDER—No. 2604 W., dated 7th September 1896.

In the circumstances explained, the sanction accorded in G.O., No. 976 W., dated 18th March 1896, is extended up to 31st July 1896, but His Excellency the Governor in Council remarks that the draftsman was kept on after the expiry of the sanction. This was irregular, and it might have been avoided if the Executive Engineer had applied earlier for the extension of the sanction.

2. This sanction has been registered as Provincial No. 46 W. of 1896-97, and classified as Establishment—Temporary.
