OFFICE NOTE No. 2440 4/9

To

Your O.N.No.3045 C.of 11th, August
1896.

Returned with the following
remarks:-

Item 25 of Provincial O.I. statement.

The explanation by the Executive Engineer refers to the purchase of European Stores in the local market, while the objection to the item is for purchase of medicine in the local market.

The item was first reported to Government in the Provincial O.I. statement for February 1894 (Item 13) with the following remark - "The article should have been obtained on indent from the Principal Medical storekeeper, Madras, sanction of Government to the local purchase is awaited" and Govt. ordered - vide G.O. No. 1396 W. dated 6th June 1894 on the Provincial O.I. statement for February 1894 - that early steps should be taken for the removal of the objection.

The item is still being regularly reported in the Provincial O.I.S. but

may now be passed if Govt. approves. Over two years have been allowed to pass without any steps being taken to obtain the sanction of Government.

Items 26 to 28 and 40. Objections since removed.

Item 29. Rent of Canal berms.

Rs. 205 due by H. Veerasawmy from 1st March 1894 to 30th September/94.

To end of June 1896 (for which month latest accounts have been received) this item is still outstanding and the Executive Engineer makes the following remark against the item in June 1896 "Steps are being taken to recover the amount decreed in favor of Govt. by execution of decree". This item is still being reported in the Provincial O.I.S. and it is not understood why Executive Engineer in the present statement states "Recovered in March 1896".

2. In addition to the items entered in the statement submitted by the Executive Engineer the following items outstanding at end of November 1895 are still objectionable though omitted from this statement.

Item 26 of O.I. Statement for November 1895, Piece-worker J. Angayya Rs. 170.

Item 29 of O.I. statement for November/95
H. Vencatasubbarayudu..... Rs. 236-0-0
