Sir,

With reference to your No. 5 ~~g~~ G.N dated
8-8-96, I have the honor to report as follows:-
At Surada. The rest house is on one side of
the river and the stores, about a mile distant
on the opposite bank. When the river is in flood
there is no communication.

At Russelkonda. The rest house is in Russel-
konda. The tools and plant at the Reservoir
 $1\frac{1}{2}$ miles distant.

At Dogam. The Charge of the buildings -
belonging to the old Rushikulya Division -
offices and stone shed is too large for one
man. It is fully one man's work to look
after the Bungalow out-houses and compound.

at

Dogam - in fact the Bungalow watchman performs also the duties of a gardener.

ORDER—No. 1328 W., dated 17th May 1893.

The orders issued in G.O. No. 1233 W., dated 28th April 1890, should be taken as superseded by G.O. No. 840 W., dated 28th March 1893. The incidence of the charges incurred in the employment of watchmen for rest-houses will accordingly be governed by para. 67, chapter VII of the Public Works Code; but as it is desirable that charges for watchmen for buildings and stores should be subject to careful scrutiny, all proposals for the employment of such men should be submitted for the sanction of Government.
