The application of the Committee of the Adyar Club to be permitted to plant — on Government land on the south bank of the Adyar river opposite the club-house, sanctioned on the terms stated in the Superintending Engineer's letter.

No. 2725 W., 24TH SEPTEMBER 1896.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

From W. O. DAVID, Esq., Honorary Secretary, Adyar Club, to the Joint Secretary to Government, Public Works Department, dated 7th July 1896.

The Committee of this club wish to improve the view from the club-house by planting casuarinas on Government land on the south bank of the Adyar river opposite the club-house. I am directed to enquire whether Government would kindly give them permission to do so and, if so, on what terms. I shall be obliged if you will be good enough to submit the matter to Government and let me know their decision in due course.

No. II/69 B.C.

Forwarded to the Superintending Engineer, II Circle, for report, as to whether there are any objections to the proposals made, and what conditions he would propose.

(By Order.)

OOTACAMUND,
27th July 1896.

(Signed) F. J. WILSON,
Asst. Chief Engineer for Irrigation.

From Major W. L. C. BADDELEY, R.E., Superintending Engineer, II Circle, to the Chief Engineer for Irrigation, dated 10th August 1896, No. 224 B.C.

In reference to your No. II/69 B.C. of 27th July 1896, I have the honour to inform you that I see no objection to the proposal, and a nominal rent may be charged for the land.

2. The only conditions I would impose are that the extent of land to be planted should be demarcated at the expense of the club after approval by the Executive Engineer, Buckingham Canal Division; and that a proper survey of the plantations should be made for record in the office of the Executive Engineer, Buckingham Canal Division. This survey should be made by the club and be checked by the Executive Engineer, Buckingham Canal Division.

3. That, in accordance with the spirit of G.O., No. 2343 W. of 17th September 1894, it should be open to Government to take back the land at any time after giving three months' notice to enable the occupiers to dispose of the trees.

No. 35 W.

Forwarded to the Joint Secretary to Government, Public Works Department, with reference to his No. 684 D., dated 10th July 1896.

No. 2725 W., 24TH SEPTEMBER 1896.

2. It is requested that the orders of Government may be obtained in the matter. The Superintending Engineer's suggestions would seem to be sufficient to comply with the spirit of G.O., No. 2343 W., dated 17th September 1894, and there is not much chance of the land being required for canal purposes.

1st September 1896.

(Signed) F. J. WILSON,
for Chief Engineer for Irrigation.

ORDER—No. 2725 W., dated 24th September 1896.

The application of the Committee of the Adyar Club is sanctioned on the terms stated in the Superintending Engineer's letter.
