No 1669

Supt. Engineer's Office, III Circle,
Bellary, 4th September 1896.

From

W. B. de Winton Esq.

Supt. Engineer, III Circle,
Bellary.

To

The Chief Engineer,
P. W. D.Cotacumund

Sir,

x Taken by B
for H E the Governor
on 13-8-96 -D.P.
12-9-96

With reference to G. O. No 1948 W. dated 3rd July 1896, I have the honor to inform you that the estimate for a 1st Class Taluk butchery at Kalyandurg, Anantapur District will be submitted for sanction in September.

2. Meanwhile the Exe. Engineer, Bellary Division requests that he may be permitted to commence the collection of materials, because he has a good supply of stone woodders available, who are always difficult to obtain, and who will probably have dispersed by the time the estimate is sanctioned unless employed at once.

3. As the plan of the building is a standard one, which has only to receive formal sanction I see no objection to his requests being complied with, and I beg that you will be good enough to obtain the necessary permission. The progress

of

of the work will be greatly facilitated thereby.

I have the honor to be,

Sir,

Your most obedient servant,

W. H. Hunt

Supt. Engineer, III Circle.

1.9.96.

With reference to the letter of the 19th W. dated 30
July 1896, I have the honor to inform you that the
estimate for a new supply of water for the
Antislavery District will be submitted for consideration
in September.
I am sure that the Committee will be pleased to
consider the estimate and that it may be permitted to
have a good supply of water and that it will
be one of the first things to be done and that
it will be one of the first things to be done.
I am sure that the Committee will be pleased to
consider the estimate and that it may be permitted to
have a good supply of water and that it will
be one of the first things to be done and that
it will be one of the first things to be done.
