Respectfully forwarded for the favorable consideration and recommendation of the Executive Engineer.

Clerk Chellamiah has all along his service worked satisfactorily. I know him before he got his permanent appointment in the Department. He was employed under me as Temporary Writer on Pelandorai Anicut works in 1877-78. He is a hard working and intelligent Clerk and very attentive to his duties. Had it not been for the Examination bar he would have risen to a higher Grade in the Clerical branch. Under these circumstances I beg leave to request that his application for exemption may be favorably disposed of.

To
The Executive Engineer

Sir,

I beg leave most respectfully to bring to your kind and favorable notice the humble request of my clerk N. Chellamiah who is without promotion for the last more than seven years being an unpassed Candidate.

2. I had in 1889, during the time of Major A. W. Smart, R.E. recommended him for exemption from examination rules in order to make him eligible for promotion to a higher grade which he was deserving of as could be observed from the good Character he got from all his Superiors Sub Engineer Mr. Lafrenais also recommended him strongly for exemption which was also well supported and submitted by Executive Engineer J. W. Martin but the then Superintending Engineer was not pleased to lay his Case

before

before Government for favorable orders.

3. Clerk V. Chellamiah has done good service for 13 years and two months and is employed as Head Quarters Sub Divisional Clerk since 1887. He was also well-spoken of by his Superiors in the discharge of his public duties.

4. In June 1892, the Government in the Revenue Department was pleased in their orders No 619 to exempt an Attendor on Rs 10 in the Forest Office of this district for an appointment the salary of which is Rs 20.

5. In the case of Clerk Chellamiah considering his long and good service in the Department, if you are pleased to think it proper he may be kindly recommended for exemption from Examination rules for promotion to at least 20 to 30 Rs grade the next higher grade to his present one which he was to have got six or seven years ago, had not been for the bar "unpaſsed". In fact for the last seven years he is employed in an Office which is generally held by a Clerk 20–30 Rs grade in consideration of his uniform good Character and ability.

6. In these circumstances I humbly beg that this poor Clerk's case may receive your generous and kin consideration.

7. Copies of the Clerk's Testimonia &c are herewith respectfully enclos for your kind perusal.

Respectfully submitted f the favorable disposal of the Exec Engineer South Arcot Division

I think the Clerk's title the fifth increment may be favorably recommended in cons of his long and good Service of about 14 years in the grade in the Department.

2. This Clerk's good work and excellent behaviour induced his Superiors on several occasions to recommend for his exemption from Examination rules, with no successful result.

I have much pleasure in certifying to the Character and qualifications of N. Chellamiah who served as Clerk under me when I was in charge of the Head Quarter Sub Division at Cuddalore. He is an honest, hard working and willing man and gave me entire satisfaction in the discharge of his duties. He is an intelligent young man, is quite up to his work and is quick. It is a great pity that he is not a passed Candidate as this is a bar to his further advancement in the Department, I shall be very glad to hear of his exemption which he well deserves.

He knows well the work of a Sub Division and I can Confidently recommend him for permanent Sub Divisional Clerk's Post, when there is any vacancy.

He had been working in the Head quarter Sub Division since 1887, and all these under whom he had been serving have left good reports about him. When the Head Quarter Sub Division is made into a permanent Sub Division as is proposed this man may safely be appointed to it although he has not got the necessary educational qualifications.

Sir,

I have the honor to request permission to again open up the question of the exemption of Clerk Chellamiah.

2. This was done by Mr. Man=tin Executive Engineer so long ago as in 1887, and there is I submit better grounds for the application now than then.

3. He has, in all about 15 years service in this District most of which has been served in this

Sub Division. The Copies of testimonials herewith forwarded show that he has rendered very valuable services to, and has thoroughly satisfied every Officer under whom he has served and although I have been here so short a time, I have no hesitation in saying that he is a good Sub Divisional Clerk.

4. I believe there is a vacancy through death among the Clerks of the Division and I beg that his Superior claims to promotion may be taken into consideration.

5. What is wanted is that he should be exempted for the Rs 20 to Rs 30 grade and I believe it will be to the interest of Government to exempt him.
