GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

Read—the following paper:—

From R. HILL, Esq., Superintendent, Government Press, Madras, to the Chief Secretary to Government, dated 8th August 1896, No. 1786.

I have the honour to submit the annual report on the working of the Government Press, and its branch at the Penitentiary, for the year 1895–96.

2. *Accounts.*—The cash realizations amounted to Rs. 32,922–7–1 against Rupees 30,941–7–2 in 1894–95. A large increase in receipts is under printing and binding, and a small increase in advertisements for the gazette. A decrease is shown in subscriptions to the law reports, and in sale of Acts and other publications. Under adjustments the amount recovered was Rs. 21,221–2–1 against Rs. 18,442–7–1 in 1894–95, the chief increase being in proceedings of the Local and Municipal department; there was a decrease in proceedings of the Court of Wards. The expenditure in purchase of plant was exceptionally high, a special grant of Rs. 8,250 being sanctioned for the purchase of three royal printing machines. The amount remitted to the bank was Rs. 32,685–1–7 against Rs. 30,663–8–8 in 1894–95. The total receipts were Rs. 54,143–9–2 against Rs. 49,383–14–3 in 1894–95.

3. The budget grant was Rs. 2,55,650, the total disbursements being Rupees 2,52,449–1–7 against Rs. 2,42,593–10–6 in 1894–95 (see statement No. 1). Statement No. 1 is subject to modification as final figures will not be received from the Accountant-General before the 15th August.

4. *Expenditure.*—In statement No. 2 showing the apportionment of expenditure, at the Government Press there was an increase under supervision and pensions, with a decrease under earnings and salaries, overtime, contingencies, and miscellaneous charges; at the Penitentiary Branch there was an increase under convict labour and pensions, and a slight decrease under earnings and salaries and miscellaneous charges; in the type foundry there was a decrease under contingencies and miscellaneous charges owing to reduced operations in the last quarter of the year caused by a scarcity of lead metal.

5. The following statement shows the percentage charges incurred for the several departments of the press, and approximate very closely to the charges for the preceding year:—

Of the 5,500 copies, 2,112 were issued to officials, 2,885 to subscribers for the complete series, 37 to subscribers for the Madras series only, 400 copies were sent to Calcutta for the reserve stock, and 66 retained for sale. Order—No. 928, Public, dated 27th August 1896.

Recorded.

2. The total receipts and expenditure for the year were Rs. 54,144 and Rupees 2,52,449, respectively, or Rs. 4,760 and Rs. 9,855 more than in 1894-95. Details are afforded in statement I, the figures in which are, however, subject to final revision. In this connection it is observed that the figures for the year 1894-95, as quoted in the present report, will not be found to tally with those in the report for the previous year, as they have been corrected according to the Accountant-General's figures. The increased expenditure at both the Government Press and the Penitentiary Branch was partly due to the purchase during the year of three Royal Wharfedale machines, for which a special grant of Rs. 8,250 was sanctioned. The total cost of plant received from England during the year was Rs. 16,739 as against Rs. 6,078 in 1894-95. The decrease of Rs. 1,886 under expenditure in the Type Foundry is accounted for by the Superintendent in paragraphs 4 and 19 of the report. He will be requested to state why there was a scarcity of lead metal in the last quarter of the year. The rise in the cost of establishment under *Publication* from Rs. 1,425 to Rs. 2,858 is due to the transfer of work from the Chief Secretariat to the Press under G.O., No. 791, Financial, dated 11th October 1895, and the extra establishment sanctioned therein.

3. The total number of impressions of pages reduced to pica solid foolscap folio shows an increase of 5,125,242 over that for the previous year. Details are given in paragraph 17, from which it will be seen that the increase was most marked in the work executed for the establishments of the Board of Revenue (Land Revenue), viz., 2,029,181, and Inspector-General of Registration 1,349,662.

The cost per forme per 1,000 impressions shows a satisfactory decrease.

4. In paragraph 6 the Superintendent states that of subscribers 202 were receiving the complete *Fort St. George Gazette* during the year. This does not agree with the statement recorded in G.O., No. 336, Financial, dated 16th May 1896, where the numbers for the four quarters of 1895-96 are 200, 198, 211 and 205, respectively, giving an average of 203·5 for the whole year.

From paragraph 7 it appears that the postage on the Law Reports was more than the cost of the paper on which they were printed. This requires explanation.

5. The results of the technical examinations detailed in paragraph 22 do not appear to have been particularly good. The Government notices with interest the continuance of the classes for teaching long-sentenced prisoners English.

6. The Superintendent will be requested to explain, through the Inspector-General of Prisons, the circumstances under which prisoners at the Penitentiary are employed on proof-reading. This cannot be considered to be "hard labour."

7. The auditor's report will be awaited.
