where the concession has been granted, as, if I am rightly informed, former Engineer and Engineer subordinate students, who had been deputed to similar work, were allowed horse allowance. Further, the costliness of the place, and the peculiar circumstances I was placed in, made it a very costly thing to maintain a horse without which, I could not have done the work satisfactorily. Under these circumstances I beg to request you will be kind enough, to forward my application with your strong recommendations.

Sir,

Having been deputed to take levels from Bandy Shola Road to Pykara Finger Post in Ootacamund a distance of about five miles in view to the road being improved, and it having been very inconvenient for me to walk up the distance in this hilly district every day, I was forced to maintain a horse from the 27 June 96. I beg therefore to request that you will be pleased to permit me to draw the horse allowance from that date as a special case under article 1178, Civil Service Regulations.
