CURRENT No. 78

No. 4008 Mis.

Spare copies

To the P.W.D.

The S. E. V circle with plane
- Rev. Septo

Cracks in walls are due to bad arches, probably
poor materials and slight settlement. The
building is not worth re-roofing but it is in no
danger for the present. It ought either to be
rebuilt altogether, or else continue to be patched
from time to time as at present. The leaks
will always expand and contract and give
trouble. The cracks in the walls are all small
but can be watched."

In consequence of this report the Superintendent
Inquiries directs me to Communicate with you
recommending that a new Cutcherry be built.
I have &c.

No 3344.

Chingleput Division office
21st December 1895

From

A. S. Markewzie Esq.

Executive Engineer

Chingleput Division

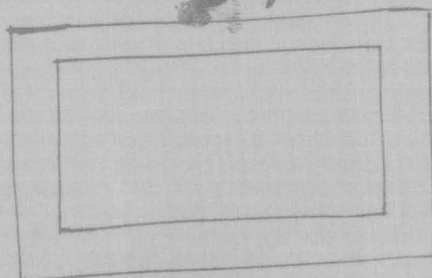

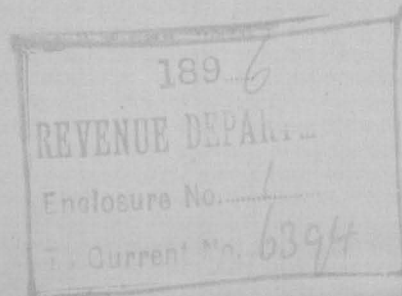

To

The Collector

Chingleput.

Sir,

I have the honour to forward a Copy of my report to Superintending Engineer on inspecting the Talag Catchery at Guindy. The roof is in wares and hopelessly cracked. There are also cracks in the walls over many of the windows and arches. The cracks in the roof seem to have been caused by the roof being too thick and heavy, by bad joints, by removal of binding walls and by the inner walls settling slightly more than outer walls the general shape being thus.

No 2887
C.

Superintending Engineer's office
P. Circle, Madras
Camp. Chidambaram
27th March 1896.

From Lieut Col. C. C. Rawson Q.E.
Supt Engineer P Circle

To
The Collector of Chingleput District
Sir,

Owing to the buildings at present
occupied as offices of the Deputy Collector
Tahsildar, Stationary Magistrate and the
District Registrar at Chingleput being in a
dangerous state, in that the roof (1'9" thick
in places terraced) is in waves and hopelessly
cracked and there are cracks - some 4 inches
wide - in the walls over many of the windows
and arches, it is proposed to build a new
Combined office for the four offices above
named, and if you approve, I request
that under G. O. No 2806 W. dated 7th October
1892 sanction of Government may be ob-
tained for preparing the necessary plan
and estimate for the work. Yours faithfully

(Signed) C. C. Rawson

Dated Gundy, Madras 3-5-96

The Honble S. Srinivasa Raghava Aiyangar
Dewan Bahadur C.E.
Inspector General of Registration
Madras.

To

The Collector of Chingleput

Sir,

With reference to your letter dated 10th ult
Ref No 229 of 96 I have the honor to inform
you that in my opinion a separate detached
office building should be constructed for the
District Registrar at Gundy in the same Com-
pound as the one in which the offices of the
Deputy Collector, Tahsildar and the Stationary
Sub Magistrate are proposed to be constructed.
The building intended for the District Registrar
should be capable of extension when additional
space has to be provided for the yearly increasing
records of the Registration department.

Yours
(Signed) S. Hari Rao

Chingleput DISTRICT COLLECTOR'S OFFICE,
Saidapet 13th Augt 1896.

From

G. S. Forbes Esquire

Collector of the
Chingleput District.

To

The Secretary to the Commissioners

of Land Revenue
Madras.

Sir,

In forwarding copies of the letter
of the Executive Engineer, Chingleput division
No. 3344 dated 21st December 1895 and of that
of the Superintending Engineer, V Circle, No. 28^M
dated 27th March 1896 regarding the condition
of the government buildings at Guindy occupied
at present as offices by the Deputy Collector, the
Tahsildar, the stationary submagistrate and
the District Registrar, I have the honor to state
that as the buildings are considered to be in a
dangerous condition, a new combined office is
necessary.

2. A two storied building to accommodate
the offices of the Deputy Collector and the

District Registrar in the upper story and the other two offices below was proposed by the Executive Engineer. But on a reference to the Inspector General of registration, that office requested in his letter G. N. 2221 dated 3^d May 1896 (copy enclosed) that a separate detached building in the same compound should be constructed for the District Registrar. The Superintending Engineer has addressed the Inspector General in view of his obtaining the sanction of Government to this proposal.

3. For the offices of the Deputy Collector, the Tahsildar and the Stationary Magistrate, plans for two storied building have been prepared while the site was selected at a meeting at which were present the Consulting Architect to Government, the Executive Engineer and myself. The plan is enclosed and the site occupies part of the site of the existing office buildings. I have the honour to request that the Board of Revenue, if they approve, will be good enough to obtain the sanction of Government for a new cutcherry as suggested, and for the preparation of the necessary plan and estimate by the Public Works Department.

4. During the construction of the new

offices that portion of the present cutcherry which is occupied by the Deputy Collector and his establishment will have to be vacated and temporary accommodation rented. The sanction of the Board will be solicited when this becomes necessary.

I have the honour to be
Sir
Your most obedient servant,

Mr. S. M. Tandon
for Collector
