Mr. Jones' Manual.

Approving the proposal to fix the price of the revised edition of — at Rs. 6-8-0, requesting the Superintendent, Government Press, to place sixty copies free of charge at the disposal of Mr. Jones and stating that Government will take 60 copies for its own use.

GOVERNMENT OF MADRAS.
LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From J. A. JONES, Esq., MEM. INST. C.E., F.R.S.E., Sanitary Engineer to Government, to the Chief Secretary to Government, dated Fort St. George, 7th August 1896, No. 2436.

With reference to G.O., Mis. No. 743 M., dated 2nd May 1895, I have the honour to inform you that my Manual is so nearly ready for issue that the Superintendent of the Government Press advises me that the cost to Government per copy, including diagrams and plates (the present edition is 1,000 copies), will be Rs. 3-12-0, say, Rs. 3,750, and desires me to obtain from Government sanction for the selling price.

2. This revised edition compares as follows with the former issue :—

It numbers 584 pages against 356 in the former.

"	58 plates	"	22	"
"	77 diagrams	"	46	"

3. In addition to the cost of Government I have myself expended about Rs. 500, so that the total may be taken at Rs. 4,250.

4. The selling price per volume of the former issue was Rs. 6. I propose, with the sanction of Government, to fix the price at Rs. 6-8-0 which is not too much for a work of this size and class, especially when compared with the price of the former edition.

5. I hope shortly to have the pleasure of forwarding copies of the work to Government and, meantime, request that Government will be pleased to authorize the Superintendent of the Government Press to issue to me, free of charge, sixty copies for review and presentation.

6. I should also be glad to know whether Government will take any copies of the work.

ORDER—No. 1594 L., dated 5th September 1896.

The proposal to fix the price of the revised edition of the Manual at Rs. 6-8-0 is approved and the Superintendent, Government Press, will be requested to place sixty copies, free of charge, at the disposal of Mr. Jones. The Government will take eleven copies for its own use.
