From the Superintending Engineer, I Circle, No. C/103 dated 2nd May 1896.

Note for His Excellency the Governor.

With reference to His Excellency's note dated 21st May 1896, it is explained that as the case falls under existing rules, it can be disposed of in the Administrative Department concerned, viz the P.W. Department. It is only in cases where a relaxation of rule is required that the matter has to be disposed of in the Financial Department.

I would mention, but as sanction would seem to be in conflict with G.O. No 34, Financial, dated 14 Jan. 1896 - please circulate.

494

30.5.96

The sanction of C.A. passed more than 10 days would clearly be against rule. There has not even been an attempt to show that the necessary conditions have been complied with. It seems to me that this should have been pointed out in the memorandum.

SIR,

I have the honour to state that
Mr. D. Marshall, Assistant Engr,
having engaged in surveying
and levelling duties connected
with the re-investigation of Anu-
-mallanka Project made a
prolonged halt of 14 days at
Pothavarani on the dates 16th to 29th
February 1896 for the whole of which
period he claimed daily allowance
and that the Examiner, in accounts
passed the allowance only for
10 days under Article 1159 of the
Civil Service Regulations.

2. As the duties of the Officer
had been such as necessitated
the prolonged halt at Potha-
-varani on the dates 16th to
29 February 1896 and as he
had

had maintained camp
equipment during the above
halt and as also the nature
of his duties is such as will
often necessitate similar long
halts, I have the honour to
request that sanction of Govern-
ment may be obtained for
exempting Mr. D. Marshall
from the operation of the Article
1159 of C.S. Regulations in regard
to prolonged halts while
employed in the above project.

2. The Locomotive, Goda-
vari Western Division reports
that the Examiner declined
to admit the claim under
Article 1160 (c) and that
he has stated that it is
not applicable to the case
under reference.

Copy of note by the Hon. Mr. Bliss, C.I.E., dated
18th September 1896, on Financial current Nos. 1478, 1479
and 2273.

As regards Mr. De Morgan I consider he should be
severely reprimanded. His statement in his 189 G.L., dated
June 11, 1896, that he maintained camp equipage now turns
out to be absolutely false. I hope he did not intend to
lie, and from what I have heard of him (I do not know him)
I should say he did not. But the best that can be said for
him is that his statement was culpably careless.

Copy of note by the Hon. Mr. Grose, C.I.E., dated
21st September 1896.

Mr. De Morgan should certainly have been more
careful.

Copy of note by His Excellency the Governor, dated
22nd September 1896,

Mr. De Morgan's claim must be rejected, and he
should be told he should be careful not to make such in-
correct statements.

Mr. DeMorgan's claim is clearly inadmissible.
