To

The Chief Secretary
to Government of Madras.

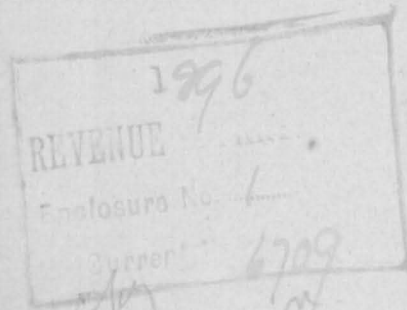

Sir,

Not Communicated to
Lt Col D Giff

With reference to Proceedings of Government N^o 319, Revenue, of 8th July 1896, under which Government kindly granted the Cotacamund Gymkhana Club a lease of land, I am directed by the General Committee of the Cotacamund Gymkhana Club to request that you will kindly lay before the Government this application that they may be pleased to sanction enough ground being left at, and around the site of the proposed new Gymkhana building, to place it at a ten feet elevation from the ground level, and also to provide for approaches to it, at convenient gradients.

From

J. A. Jansen Esquire Es.
Collector of Aljira Dept.
CURRENT NO. 2494 M

To The Chief Secretary to Government
Local Municipal Department
Stone House Hill.

not Communicated
to L.M. Dept.

Sir, In endorsement 3448 Miscellaneous
26th August.

I am directed to report on two applications
of the Honorary Secretary Cochamund
Gymkhana Club No 101 & 102 of 19th August
2. I shall report later on No 101 but
have the honor to return No 102 with the
following remarks.

3. The letter asks that enough ground may
be left at and around the site of the
proposed new Gymkhana building
to place it at a 10 feet elevation
from the ground level and also to
provide for approaches to it at convenient
gradients.

4. As this did not seem to me very clear
I asked the Honorary Secretary to kindly
explain his meaning. He has told me
in person that on the occasion being
carried out to fill up part of the Lake -

0453.1
2408/96

it is desired that earth may not be excavated on the site of the proposed Gymkhana buildings (so as to leave a mound here) and on the line of the proposed roads leading to it.

5. On this I asked him to point out to me the exact site of the proposed building and the exact line of the proposed road. This however he is unable to do at the present moment, the Club not yet having determined these.

6. All therefore that can be done is, if the Government sees fit, to instruct the Executive Engineer to meet as far as possible the wishes of the Club as soon as it has decided upon the exact site of the building & the line of the roads.
