GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following paper :—

From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, the 8th September 1896, No. 2267 G.

It is observed from pages 16 and 17 of the Madras Classified List for 30th June 1896, that certain Honorary Commissioned Officers have been graded in the Engineer Establishment as Assistant Engineers, 1st grade. I am directed to point out that, under Public Works Department Code, Volume I, chapter II, paragraph 72, Warrant Officers in the Upper Subordinate Establishment who have received honorary commissions holding the rank of Sub-Engineer, 1st grade, should be graded as Assistant Engineers, 2nd grade, and the rest graded as Assistant Engineers, 3rd grade.

A similar procedure should be followed as regards the grading of Civil Upper Subordinates on whom the honorary rank of Assistant Engineer has been conferred: that is to say, Sub-Engineers, 1st grade, with the honorary rank of Assistant Engineer, should be graded with Assistant Engineers, 2nd grade, and the rest with Assistant Engineers, 3rd grade.

2. I am at the same time to suggest that the column *Total service in Department* in the Madras Classified List may be altered to *Total service in Department from Assistant Engineer, 3rd grade, or above*, that is to say, Assistant Engineer, 3rd grade, new classification, as regards the Engineer Establishment, so that there may be uniformity in the method of showing the service in the Classified Lists of India, Madras and Bombay.

ORDER—No. 3052 W., dated 27th October 1896.

Communicated to officers of the Public Works Department.

2. It is observed that in grading Honorary Commissioned Officers in the Engineer Establishment, the procedure laid down in paragraph 123, chapter I, of the late Madras Public Works Code, has hitherto been followed in this Presidency. The grading of these officers, and of Civil Upper Subordinates on whom the honorary rank of Assistant Engineer has been conferred, will be revised in accordance with the instructions now issued by the Government of India.

3. In the Madras Classified List, the column "Total service in Department" will be altered, as suggested by the Government of India, in the case of officers of the Engineer Establishment.

Note to accompany
draft order on letter from the
Government of India, No 2267 G,
dated 8th September 1896:—

Some of the promotions
referred to in the accompanying
draft Proceedings were made
before the Government of
India P. W. D. Code was declared
applicable to this Presidency,
that is, before 1892; and they
were in accordance with
local usage which has been
continued up to date. This
course was perhaps not
irregular in view (1) of the
fact that the Government
of India Code was not
accepted in its entirety
by this Government (Vide
Para 3 of the letter to the
Government of India No
3174 W dated 26 November
1891, recorded in G. O. 6 W
dated 4th January 1892),
and (2) that under the
rules as they previously
stood, a Civil Upper Subordi-
nate in the 1st grade of Sub-
Engineer could be made
Assistant Engineer, 1st
grade

grade, honorary; while his
senior, perhaps an honorary
Commissioned officer, could
only be appointed to the
2nd grade. This anomaly
will be removed under the
revised instructions now
issued by the Government
of India.
