BACK PAPERS.

FURTHER PAPERS.

From N. Ratnasabhapati Pillai, Rai Sahib,
B. A., B. C. E., Executive Engineer,
Negapatam Division, to the Super-
-intending Engineer, Circle, dated Neg-
-apatam, $\frac{18}{19}$ September 1896, No. 4015.E -

I have the honour to inform you that the irrigation superintendent of the Coraiyar Head Works has been given a temporary implemet of Rs. 5 for sending telegraphic messages of floods in the Vennar during the rainy season, viz, June to November, after which it is resumed and no security taken from him as the implemet is held only for a short time in the year -

2. The Examiner of P. W. Accounts in his audit note on accounts for June 1896, has remarked that sanction of Government should be obtained as to the amount of security to be furnished by the superintendent under Code para 10, Chapter IV, Volume I.

3. In my opinion, no security is required as the interest is only a temporary one, and its amount not so large as to warrant security being taken for it, but if it is found necessary

under

under the rule quoted, I request that it may
be fixed at Rs. 5, an amount not exceeding
the imprest and the requisite sanction
obtained thereto.

No. 2934.

Copy submitted to the Chief Engineer
P. W. D., with the recommendation that
in the circumstances reported by the
Executive Engineer, the sanction of Govern-
ment may be obtained to the exemption
of the Superintendent Koraiyar Head Works,
from furnishing the usual security.
