PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper :—

From the Inspector General of Police, dated 2nd October 1896, No. 3874:—

I have the honour to solicit the sanction of Government for the construction of a second class station house at Pettai in the Tinnevelly district.

2. The present building used as the station House was constructed in 1867 for Rs. 215-8-0 out of subscriptions raised from villagers and is most unsuitable. The strength of the station is 2 Head and 19 Constables. As this is an important commercial centre with a growing population, the Superintendent asks that a Second class Station on the standard design may be constructed . The Deputy Inspector-General supports him and I agree with them.

3. A site for a new station house is available in the heart of the town.

4. If my proposal is approved, I beg that Government may be pleased to issue orders in the Public Works Department for the preparation of the necessary plans and estimates for this work.

ORDER:- No. 1656, dated 20th October 1896.

The Inspector-General's proposal is approved and the necessary orders for the preparation of plans and estimates will

CHIEF SECRETARIAT, MADRAS.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper :—

From the Inspector-General of Police, dated 8th October 1896, No. 3896.

I have the honour to solicit the sanction of Government for the construction of 3rd class station houses at (1) Kodaikulam and (2) Paralachi in the Madura district.

2. The Superintendent reports that the station houses at Kodaikulam and Paralachi are wretched thatched buildings liable to be burnt down any day and desires that pucka tiled buildings be erected - Several thatched station houses have been burnt in this district. The Deputy Inspector-General recommends the proposal of the Superintendent and I agree with both of them.

The strength of each of these stations is 1 Head and 4 Constables.

3. Sites are avialable for new station houses.

4. If my proposal is approved, I beg that Government may be pleased to issue orders in the Public Works Department for the preparation of necessary plans and estimates.

ORDER:- No. 1655, dated 20th October 1896.

The Inspector-General's proposal is approved and the necessary orders for the preparation of plans and estimates will be issued in the Public Works Department.

OCTOBER.

Design

Directing, with remarks, that a — for the new building required at Guindy providing accommodation for the Deputy Collector, the Tahsildar and the Stationary Sub-Magistrate be prepared and forwarded by the Consulting Architect to the Superintending Engineer, V Circle, in view to the necessary estimate being drawn up.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following paper :—

From Lieutenant-Colonel C. C. Rawson, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 13th October 1896, No. 330 W.

With reference to G.O., No. 2899 W., dated 9th October 1896, I have the honour to request that I may be informed whether the accommodation for the Stationary Sub-Magistrate at Guindy is to be that shown in the standard plan for a Stationary Sub-Magistrate's office circulated with G.O., No. 427 W., dated 19th February 1895, or as shown in the standard plan of a first-class Tahsildar's office circulated with G.O., No. 2393 W., dated 19th September 1893.

Further, I have to request that orders may be issued to the Consulting Architect to prepare the design for the building. The estimate can be made in my office.

Order—No. 3108 W., dated 30th October 1896.

The type design circulated with G.O., No. 427 W., dated 19th February 1895, is intended to be used when a separate building is to be constructed for a Stationary Sub-Magistrate's office, while the design approved in G.O., No. 2393 W., dated 19th September 1893, shows a Stationary Sub-Magistrate's office combined with that of a Tahsildar. As however the new building required at Guindy is to provide accommodation for the Deputy Collector as well as the Tahsildar and the Stationary Sub-Magistrate, a design for it will, as suggested by the Superintending Engineer, be prepared by the Consulting Architect, to whom the papers embodied in G.O., No. 2899 W., dated 9th October 1896, will be communicated.

2. The Consulting Architect will act in communication with the Collector in the preparation of the plan, which, on completion, should be forwarded to the Superintending Engineer, V Circle, in view to the necessary estimate being drawn up.

(True Extract.)

(Signed) D. McNEIL CAMPBELL, Colonel, R.E.,
Secretary to Government.
