From the Officiating Deputy Secretary to the Government of India, Public Works Department (Account—Civil Works), to the Joint Secretary to the Government of Madras, Public Works Department, dated Calcutta, the 22nd January 1896, No. 26 A.C.W.

With reference to your letter No. 18 W., dated 7th January 1896, I am directed to state that the provisional grant of Rs. 1,15,000 sanctioned in Public Works Department letter No. 13 A.C.W., dated 13th January 1896, for expenditure on Imperial Civil Works in Madras during 1896–97, is reduced by Rs. 2,500,* in consequence of the abandonment of the restoration of the road connecting the Chunampet-Madurántakam road with the Merkanam-Tindivanam road.

	RS.
* Works	2,000
Establishment and tools and plant ...	500
Total ...	2,500

ORDER—No. 316 W., dated 27th January 1896.

In the letters recorded above, the Government of India has assigned a provisional grant of Rs. 1,12,500 for expenditure on Imperial Civil Works in Madras during the year 1896–97. The budget estimate has been prepared accordingly.

2. A lump sum provision of Rs. 8,400 has been made for other works. The amount has been allotted in the budget estimate to quarters for the Meteorological establishment at Kodaikánal, the only other work included in the schedule of demands for 1896–97, for which no specific provision has been made by the Government of India.

3. Estimates have not yet been sanctioned for any of the works for which funds have been provided in the budget. The officers concerned will expedite the submission of the requisite estimates to admit of the grants being fully utilized before the close of the next official year. The officers through whom the estimates may pass will also expedite their transmission to Government.

4. The control of grants for minor works under Postal and Telegraph being vested in the Directors-General of Post Offices and Telegraphs, respectively, Superintending Engineers and the Consulting Architect will apply direct to those officers for funds required for incomplete and new works under the heads in question.

5. The Government of India having provided a grant of Rs. 17,000 only against a demand of Rs. 20,000 for Postal and Telegraph repairs, the allotment proposed for the Architect division has been reduced from Rs. 2,300 to Rs. 2,150, and there is nothing left for a reserve.

6. Part II of the budget contains the distribution by divisions of the grants for Postal and Telegraph repairs.

7. No allotments have been applied for by the Chief Engineer, Military Works, Madras Command, for repairs to the Postal and Telegraph buildings at Bangalore, and no provision has therefore been made on this account in the budget. The Chief Engineer will be requested to submit a statement of demands, if necessary.

8. The difference between the budget and the revised estimate of charges for 1895–96 is due to the following causes :—

(*a*) Allotments for minor works subsequently sanctioned by the Directors-General of Post Offices and Telegraphs.

(*b*) Transfer to the Military Works Department of the grant for repairs to the Postal and Telegraph buildings at Bangalore.

(*c*) Surrender to the Government of India of the grants for the undermentioned works :—

(1) Meteorological buildings at Kodaikánal.
(2) Restoring the cross-road connecting the Chunampet-Madurántakam road with the Merakanam-Tindivanam road.

9. With these remarks the preliminary issue of the Imperial Civil Works budget estimate for 1896–97 will be printed and circulated to the officers concerned for information and guidance, and four copies will be forwarded to the Government of India, Public Works Department.

From the Govt. of India, P.W. Department, No. 13 A.C.W. d/13th January 96.

——— Do ——— do ——— No. 26 A.C.W. d/22nd January 1896

In the letter recorded above, the Government of India has assigned a provisional grant of Rs. ~~1,15,000~~ 1,12,500 for expenditure on Imperial Civil Works in Madras during the year 1896-97. The Budget estimate has been prepared accordingly.

2. A grant of Rs. 2,000 has been provided for restoring the cross road connecting the Chunampet-Madurantakam road with the Merkanam-Tindivanam road. As the project has since been abandoned, vide G.O. No. 17 W. dated 7th January 1896, the Government of India will be requested to transfer the amount to Repairs Postal and Telegraph to form a reserve for unforeseen demands.

3. A

W 25/Jan

× Put up with another paper now under disposal.

(40—1,000—21-4-94.)

3. A lump sum provision of RS.8400 has ~~also~~ been made for other works. The amount has been allotted in the budget estimate to quarters for the Meteorological establishment at -- Kodaikanal, the only other work included in the schedule of demands for 1896-97 for which no specific provision has been made by the Government of India.

4. Estimates have not yet been - sanctioned for any of the works for which funds have been provided in the budget. The officers concerned will expedite the submission of the requsite estimates to admit of the grants being fully utilised before the close of the next official year. The officers through whom the estimates may pass will also expedite their transmission to Government.

5. The contral of grants for minor works under Postal and Telegraph - being vested in the Directors General of Post offices and Telegraphs respectively, Superintending Engineers and the Consulting Architect will apply direct to those officers for funds required for incomplete and new works under the heads in question.

6. The Government of India having provided a grant of Rs.17,000 only against a demand of Rs.20,000 for Postal and Telegraph repairs, the allotment proposed for the Architect Division has been reduced from Rs. 2,300 to Rs.2,150, and there is nothing left for a Reserve.

7. Part II of the Budget contains the distribution by divisions of the grants for Postal and Telegraph Repairs.

8. No allotments have been applied for by the Chief Engineer, Military Works, Madras Command, for repairs to the Postal and Telegraph buildings at Bangalore, and no provision has - therefore been made on this account in the budget. The Chief Engineer -- will be requested to submit a statement of demands if necessary.

9. The difference between the budget and the revised estimate of charges for 1895-96 is due to the following causes:-

(a) Allotments for minor works subsequently sanctioned by the Directors General of Post offices and Telegraphs.

(b) Transfer to the Military Works Department of the grant for repairs to the Postal and Telegraph buildings at Bangalore.

(c) Surrender to the Government of India of the grants for the -- undermentioned

undermentioned works:-

(1)Meteorological buildings at Kodaikanal.

(2)Restoring the cross road connecting the Chunampet-Madurantakam road with the Merkanam-Tindivanam road.

9. ~~10.~~ With these remarks the preliminary issue of the Imperial Civil - Works budget estimate for 1896-97 will be printed and circulated to the officers concerned for information and guidance, and 4 copies will be forwarded to the Government of India, P. W. Department.
