The indent No.19 of 1896 is herewith forwarded duly certified to as regards funds; but it is necessary to point out that the grant of Rs.356 promised to be allotted to the Consulting Architect Division under Tools & Plant to meet the cost of the indent, represents the value thereof in Indian Currency at the current rate of exchange viz 1 s. 1½ d. the rupee, and does not include the 3 % charge on account of insurance and departmental supervision. Please therefore arrange for a further sum of Rs.10 being allotted when sanctioning the above appropriation.

Indent on England for stores required for the Public Works Department in the Province of _____, for the service of the Indian Government.

I hereby certify that the stores enumerated in this indent are absolutely required for the service of the Public Works Department for a period of *They cannot be procured at local manufacture* or *from surplus stores of other Divisions, Railways and* months, and I further certify that I have, by a personal inspection of works and stores, satisfied myself that *Administration* they comprise the least possible quantity necessary for the above period.

Dated this _____ day of *October* 189*6*, at *Madras*

- NOTE—1. In cases in which a personal inspection of books and stores cannot be made, the portion of the certificate relating thereto should be scored through.
2. The Indent should be paged, and the signature attached to the last line of the Indent.
3. The quantities entered in the indent should invariably be given in English weights and measures.

I certify that funds to meet the outlay which it is estimated will be incurred in England in connection with this indent during the year *1896-97*. (a) *have been provided for in the estimates of the Public Works Department to 1896-97-(cc) will be provided by the Local Government in the estimates of that year* vide Office Note from the Secretary to Govt. Reference to P. W. D. Code.

Vol. I., Chapter X, paras. 83 to 86 and Appendix O.

1. All articles required for the public service, which cannot be manufactured in India, are, as an almost invariable rule, to be obtained by indenting on the Secretary of State. The Store Department at the India Office constitutes a special agency, which is maintained for the express purpose of purchasing stores in England on account of the Government of India, and, save in the special cases mentioned below, stores of European manufacture must not be bought in India, or obtained direct from Europe independently of the India Office.

2. The special cases in which, with the previous sanction of the Government of India or of the Local Government, as the case may be, stores of European manufacture may be obtained in India, are:—

- (a) When for any special reason it may be more economical to do so ;
- (b) When stores indented for from England have not arrived, and inconvenience to the public service is anticipated from the delay in the supply ;
- (c) When the stores are perishable.

3. Indents for public works stores, other than railway stores, so long as they are within the grant assigned for the purpose, should be sent direct by the Secretaries in the Public Works Department of the several Local Governments and Administrations to the India Office; three copies of printed and two of manuscript indents should be sent, and a copy be submitted to the Government of India.

Note.—Copies of indents chargeable to Provincial and Local Funds are not required to be sent to the Government of India.

4. This form of indent should invariably be adhered to, other modes of application being entirely discarded, and requisitions in the body of letters, which may be overlooked or misunderstood, being specially avoided.

5. The columns (which sufficiently explain their own meaning) must be filled up without alteration, and others are not to be substituted, any remarks that may be considered necessary being confined to the column for that purpose, which should contain every explanation that may guide in the supply and pattern of the articles required.

6. Where an established proportion for general stores has not yet been fixed, it should consist of three years' ordinary expenditure: the quantities in store at the date of requisition being added to the quantities due upon former indents, the difference between the aggregate of these two columns and the established proportion is the proper quantity to be asked for. This procedure if duly attended to, will always keep up an ample supply for general service; if, however, in exceptional circumstances, it is found desirable to exceed the established proportion, the reason for so doing must be inserted in the column of remarks. The calculation of the established proportion on the basis of three years' ordinary expenditure is not applicable in the case of railways.

7. The columns printed in red ink are to be left blank for completion in England.

8. In the column of remarks, the port to which stores are to be consigned should be stated, and also the names of the last two or three vessels whose consignments have been included in the quantity in store as shown in column 6.

9. Each indent must be accompanied by a certificate of the necessity for the stores indented for, and that they cannot be advantageously procured of local manufacture or from surplus stores of other departments, railways or administrations.

10. In the case of stores for imperial purposes (including all state railways) in a year not yet begun, the sanction of the Government of India must be obtained to the proposed allotment before the Examiner can give his certificate ; but for stores for provincial services (except provincial state railways) the sanction of the Local Government or Administration will suffice for the Examiner.

11. When it is expected that the outlay will be provided partly in one year and partly in another, the following addition should be made to the Examiner's certificate— "and that the balance of the estimated outlay in England, or £ (—) will be provided by the Government of India in the estimates of the year 189 - 9 . *Vide* Government of India letter No. dated

12. In preparing indents attention should be paid to the rules on the subject in appendix O. (P. W. Code, vol. I.)
