READ—the following paper:—

G.O., dated 4th May 1895, Mis. No. 1786, Revenue.

Read—the following office-note from the Secretary to Government, Public Works Department, to the Secretary to Government, Revenue Department, dated 17th April 1895, No. 8 D.

Under existing procedure proposals are frequently made by Public Works officers to the Public Works Department of the Secretariat for the sale of abandoned buildings in charge of this department. The sanction given sometimes includes the sale of the land attached to the buildings, and when this is the case, the sale is, under paragraph 2 of G.O., No. 1400 W., dated 27th May 1889, carried out by the Revenue authorities. This procedure seems to require amendment. The Public Works officers who initiate the proposals for the sale of building sites are not only ignorant of the revenue details essential to the conveyance of a valid title but are not even in a position to judge of the expediency or otherwise of the alienation of the land at all. It would probably be better, therefore, if all proposals for the sale of the sites of buildings were submitted by the Collector direct to the Revenue Department; when the question is simply one for the sale of the materials of which the buildings are composed, the existing practice under which Superintending Engineers apply to the Public Works Department of the Secretariat might be continued.

2. If you agree, orders on the subject might issue in the Revenue Department.

Order—dated 4th May 1895, Mis. No. 1786, Revenue.

The procedure suggested in the above office-note will be adopted in future whenever it is proposed to sell buildings in charge of the Public Works Department with the sites on which they stand or with the attached lands. In such cases the Public Works officer in charge of the building should place himself in communication with the Collector of the district who will take the orders of Government in the Revenue Department.

* The adjustments for 1894-95 of the Secretariat Press of the Presidency only have been corrected according to the figures in the Accountant-General's office, and this explains the difference when compared with last year's report. A complete reconciliation of figures of both revenue and expenditure of the Secretariat Press accounts in the Presidency and Mofussil has been made with figures of Accountant-General for 1895-96 as directed in G.O., No. 533, Public, dated 13th May 1896.

ORDER—No. 1131, Public, dated 16th October 1896.

The necessary substitution will accordingly be made in G.O., No. 928, Public, dated 27th August 1896, and the following alteration will then be rendered necessary in paragraph 2 of that Government Order:—

Paragraph 2.—For the first two sentences substitute “The total receipts and expenditure for the year were Rs. 83,219 and Rs. 2,50,760, respectively, or Rs. 34,113 and Rs. 8,444 more than in 1894-95. The large excess under receipts is principally due to the sale of printed forms which realized Rs. 28,541.”
