Judicial Department.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Registrar of the High Court, Madras,
dated 13th October 1896, No. 4235.

The District Munsif's Court of Badagara is now located in a private house rented for Rs. 35 per month, which is reported to be in a dilapidated and unsafe condition. The Executive Engineer of the Division does not consider that repairs to the building can prove satisfactory and recommends the construction of a new Court house. I enclose a copy of the letter on the subject from the Public Works Department to the District Judge of North Malabar and am directed to request that His Excellency the Governor-in-Council may be pleased to sanction the construction of a new building and to issue the necessary orders to the Public Works Department for the preparation of plans and estimates.

Enclosure.

Copy of letter from the Assistant Engineer, Wynaad, to the Executive Engineer, West Coast Division, dated 30th June 1896, No. 399 E.

With reference to your endorsement No. 1097 S, 16-6-96, I have the honour to inform you that I inspected the building in question on 26th instant and find that repairs would be extensive. The building is in my opinion unsuitable for a Court and upper floor is decidedly unsafe for the crowd which occasionally attend cases.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Registrar of the High Court, Madras,
dated 13th October 1896, No. 4235.

The District Munsif's Court of Padagara is now located in a private house rented for Rs. 35 per month, which is reported to be in a dilapidated and unsafe condition. The Executive Engineer of the Division does not consider that repairs to the building can prove satisfactory and recommends the construction of a new Court house. I enclose a copy of the letter on the subject from the Public Works Department to the District Judge of North Malabar and am directed to request that His Excellency the Governor-in-Council may be pleased to sanction the construction of a new building and to issue the necessary orders to the Public Works Department for the preparation of plans and estimates.

Enclosure.

Copy of letter from the Assistant Engineer, Wynaad, to the Executive Engineer, West Coast Division, dated 30th June 1896, No. 399 E.

With reference to your endorsement No. 1097 S,
16-6-96,
I have the honour to inform you that I inspected the building in question on 26th instant and find that repairs would be extensive. The building is in my opinion unsuitable for a Court and upper floor is decidedly unsafe for the crowd which occasionally attend cases.

2. Taking the above points into consideration and also the close proximity of the building to thatched houses and Kucha bazaar which are liable to be burnt at any time, I strongly recommend the erection of a new Court on standard plans. The recent demolition of old Traveller's Bungalow affords an excellent site for a new Court and one which is close to the present Government buildings.

Endorsement of the Executive Engineer, West Coast Division, dated 9th July 1896, No. 983 M, on the above.

Copy forwarded to the District Judge, Tellicherry, with reference to his No. 228 of 10th June 1896. The undersigned does not consider that repairs to the building would be satisfactory and recommends therefore that Government be addressed for permission to build a new Court house on the standard plan. A good site is now available where the old traveller's bungalow formerly stood.

O R D E R:- No. 1724, dated 2nd November 1896.

The High Court's recommendation is approved and the necessary orders for the preparation of plans and estimates will be issued in the Public Works Department.
