From the Inspector-General of Police, Madras, 264, of 6th January 1896, recommending that steps may be taken to provide accommodation for the Police patients at Cumbum and Nandyal, Kurnool District.

From the Surgeon-General, Madras, No. 250, dated 18th March 1896.

should be erected and equipped in the compound of the Civil hospital and then there will be no necessity for the employment of extra subordinates as the work can be carried out as is now done.

3. I have proposed the number of beds on the following data supplied by the District Medical ^{and} Sanitary Officer.

4. In Nundyal the average daily sick was in 1891- 4.79, in 1892-2.62, in 1893. 2.73, in 1894.2.03, in 1895.2.27 and the maximum treated on any one day in 1895 was 7. In Cumbum the average daily sick in 1891 was 6.67, in 1892.3.96, in 1893.5.19, in 1894.4.65, in 1895.4.16 and the maximum number in 1895 was ten.

O R D E R, No. 697, dated 8th. April 1896.

The proposals of the Surgeon-General in paragraph 2 of his letter read above are approved, and estimates should be drawn up accordingly.

2. It is observed that the District Board of Kurnool apparently proposes to transfer the Nandyal hospital from its present site. The additional accommodation for the Police should ^{not} be erected until this question is definitely settled.

READ the following paper :-

From the Inspector-General of Police, No. 3967, dated 14th. October 1896.

not read.

With reference to paragraph 1 of G.O.No.697 Judicial Department, dated 8th. April 1896, I have the honour to submit two plans and estimates, one for brick in mud and the other for stone in mud. Cumbum (10 beds)---Nandyal (8 beds).
Cost of the estimate for stone in mud---Rs.7200-----Rs.6500.
Cost of the estimate for stone mortar---".7540-----".6800.

brick in mortar for the construction of Police wards at Cumbum (10 beds) and Nandyal (8 beds) in the Kurnool District, drawn up on the standard plan by the Sanitary Engineer to Government in consultation with the Surgeon-General and approved of by me.

2. I consider that the estimate for stone in mud may be adopted. The Government has also remarked in its order, No. 1012, Judicial, dated 16th. June 1896 on the Anantapur Police Hospital that stone in mud should be used for walls instead of stone in chunam. The Sanitary Engineer observes that it is possible that local knowledge will allow of some reduction in cost when actual district rates are applied to the estimated quantities.

3. I request that orders may be issued in the Public Works Department for the preparation of plans and estimates on the lines of the standard plans of the Sanitary Engineer to Government.

25345/96

ORDER, No. 1737, dated 5th. November 1896.

The necessary orders will accordingly be issued
in the Public Works Department for the preparation of plans and es-
timates on the lines of the standard plans designed by the Sani-
tary Engineer to Government.

The estimate for stone in mud should be adopted.
