CURRENT No 161.

No. 16
Encl.

Office of Surgeon-General
with the Government of Madras,
Madras, 14th January 1896.

From

Surgeon-Major-General C. Sibthorpe, F.R.C.P.I.,
Surgeon-General with the
Government of Madras,
Madras,

To

The Honorable the Chief Secretary to Government
Public Department.

Sir,

I have the honor to state that the District Medical and Sanitary Officers –

1. District Medl: and Sany: Officer, Salem.
2. — do — Coimbatore.
3. — do — Bellary.
4. — do — Tinnevelly.

named in the margin bring to my notice that under G.O. No. 2806 W dated the 7th October 1892, the local authorities of the Public Works Department object to prepare the estimate for quarters for medical subordinates referred to in G.O. No: 528 Public dated the 26th June 1895 without the sanction of Government, as the cost of construction is likely to exceed Rs 500 and to request therefore that necessary orders may be issued in the Public Works Department for the preparation of the estimate in question.

129 W
17-7-95

I have the honour to be,
Sir,
Your most obedient Servant

S n.-Major-Genl.,
Surgeon-General with the Govt. of Madras,

Public Works (1896) Department

G.O., No. 3376

DATED 28-1-96

[Despatch Abstract.]

Inspection Report: Office note from the Examiner of P. W. Accounts submitting an — of the accounts of the West Coast Dn Comtd to the Supdg: Engineer, IV Circle, with remarks.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following papers :—

Report of an Inspection by Mr. C. C. SWETENHAM, Deputy Examiner of Accounts, on the 27th November to 4th December 1895, of the accounts of the office of the Executive Engineer, West Coast Division.

This division was last inspected in December 1894 by Mr. I. S. Sherlock-Hubbard, Examiner of Accounts, and still remains in charge of Mr. H. O'Connell, Executive Engineer, who was present at the inspection. Mr. J. E. D'Rozario, Accountant, joined the division in October 1895, but was on sick leave.

The inspection ranged for general purposes over the accounts for January-November 1895, for test audit purposes over March 1895, and for check of travelling allowance over the claims for March-October 1895.

2. The measurement books checked showed in many instances failure to record fully and accurately details of bills, measurements and corrections, and the permanency of the record was not always established by inking in contents. They had not been examined on return completed to Divisional office. The unvouched outlay showed failure in many cases to give full particulars of payments, payees' works, the name of receiving and responsible disbursing officer. Only contingent vouchers had been cancelled after entry in cash book. There were many delays in the payments of muster rolls for which Overseers Frank and Rebello were responsible.

Much correspondence is due to failure on the part of the Sub-Divisional officers to submit their accounts and vouchers to the Divisional office in time and correctly.

3. On the cancelment of cheques and issue of fresh ones, connecting references and full particulars of the matters were not always recorded in cheque books and cash book. Corrections on counterfoils of cheques were also not always completely or properly made.

4. Payments have been debited to the "Carriage of tools and plant" instead of to the works concerned in the cases of constructing groynes at Gangully Rs. 1-4-0 and Rs. 1-1-0 for freight of jumpers from Mangalore to Coondapoor for improvements to Gangully groynes.

5. The register of security deposits for the current half-year had not yet been opened out and pass books recently received had consequently not been entered. Several pass books were held in the personal name of the Executive Engineer instead of in his official designation.

6. In the annual B statement submitted to audit, Rs. 391 was shown as the value of materials at site of the work "Improvements to Gangully groynes," but the records of the Divisional office do not support this statement, which should have been explained.

7. Sub-heads of work had not been recorded in the register of works for "Improvements to Chundale-Mysore road," estimate Rs. 37,400, nor did the work abstracts display them. Contributions have not been specified and deducted in the register of works.

8. The register of buildings does not show all quarters available for rent, and in the "Return of rentable buildings" submitted to audit only those quarters actually rented are detailed. Each set of rentable quarters should be detailed.

9. The following points noticed in the previous inspection report (paragraphs of which are noted against them) have not yet been disposed of finally :—

(1) *Paragraph* 7.—7 (*e*) Several items are still detailed in full.

7 (*i*) The report called for in G.O. No. 2449 W., dated 2nd October 1894, was submitted to Superintending Engineer with No. 700 S.E., dated 6th December 1894, and orders are stated to be still awaited.

8 (*a*) There is a further charge during the month of March—*vide* Wynaad V. No. 67 for Rs. 3. Sanction of Government has not apparently been obtained.

27 (*i*) Final bill has been stated as sent to contractors for signature on 11th November 1895, but has not been returned yet by them duly signed. Mr. O'Connell has pointed this matter out to Mr. Wilson, his successor, as Executive Engineer.

30. Distribution not yet made.

39. The item has not yet been adjusted.

52. The Provincial register of buildings is stated to be under revision.

(2) *Paragraph* 12.—The details of arrears are still not checked.

(3) *Paragraph* 13.—The land has not yet been acquired, nor the sanction of Government obtained for paying the rent.

(4) *Paragraph* 25.—With the exception of items 4 and part of 6, the others have been rectified.

(5) *Paragraph* 27.—The write-back pointed out has not yet been made.

(6) *Paragraph* 31.—The amounts have not been debited to the contractors' account.

(7) *Paragraphs* 32 *and* 33.—Details are not traceable.

(8) *Paragraph* 34.—The work was completed in April 1894 and completion report sent on 5th July 1894.

(9) *Paragraph* 37.—The amount at debit of the sub-head "Materials at site" has been reduced to Rs. 576–5–0, but the details are not traceable.

(10) *Paragraph* 43.—Road-metal returns are not checked.

(11) *Paragraph* 44.—The rate-book is not maintained.

(12) *Paragraph* 48.—The register of incumbents has not yet been opened out.

(13) *Paragraph* 50.—The sevice book has not yet been opened out. It is stated that the peon Osmanby is still on probation.

10. The travelling allowance journals of Sub-Overseers Dorasawmy Mudaliar and Mr. D'Sylva are prepared in form 22 A, instead of in form 22 C, and those of the office establishment mostly in the old Madras form instead of in form No. 22 C. Distance from head-quarters has been entered only in the case of claims of clerks Sami Chetti and Sivasubramaniya Aiyar, and in other cases this information is not available. Journals are unnecessarily maintained for peons whose claims are also noted on the journals of the officers under whom they serve. The claim of acting clerk C. Thepperumal Mudaliar for January 1895 included in the travelling allowance bill for April 1895 has not been supported by a journal in form 22 C.

Clerk S. S. Sivasubramaniya Aiyar, whose head-quarters is Cherambady, claimed daily allowance for halts exceeding 10 days which was passed—

	DAYS.
26th and 27th May 1895, Vayittiri	2
28th May 1895 to 1st June 1895, Lakkadi, 3 miles from Vayittiri ...	5
... ...	8
2nd to 9th June 1895, Vayittiri	

The claims of Clerks T. K. Atchutan for June 1895 to September 1895 and T. Sami Chetti for October 1895 have been prepared in form No. 22 B (Travelling allowance bill form, half sheet) instead of in form No. 22 C. Details of journeys not having been noted the claims cannot be checked. They should be obtained, checked and recorded. Journals of Clerk Sivasubramaniya Aiyar for July to September 1895 have been prepared in manuscript. The claims of Clerk T. K. Atchutan for October 1895 could not be checked for want of details of journeys performed, although the journal was prepared in form No. 22 C., the only entries made however being—

	RS.	A.	P.
Daily allowance for 18 days at 8 annas	9	0	0
Do. for 3 „ at 12 „	2	4	0
Five miles at 3 annas	0	15	0
Twenty-three miles at 2 annas	2	14	0
Total ...	15	1	0

11. In the service book of Clerk A. K. C. Amboo, IV class, 3rd grade, the privilege leave of three months granted and availed of from 8th October 1895 has not yet been noted in the service book.

The column Signature of officer has not been filled in in pages 3 and 4.

The clerk was considered to have acted as clerk, IV class, 1st grade, from 27th March 1895 forenoon to 11th September 1895 afternoon, but no entry was made to this effect in his service book.

The service book of Clerk J. C. Subbiah Naidu, acting IV class, 1st grade, has for last entry his transfer from the Superintending Engineer's office to West Coast division on 10th September 1895. No entry has been made after his joining the West Coast division.

In the service book of Accountant J. E. D'Rozario, the last entry is dated 19th October 1895. The date of joining the West Coast division has not been noted. The increase of salary of Rs. 3 each granted to certain peons from 24th November 1894 has not been noted in their service books.

In the case of M. Muthia Pillay, Acting Draftsman, 2nd class, privilege leave for one month granted from 10th October 1895 has not been noted in his service book.

The last entry in the service book of Supervisor Mr. S. X. Saldanha, 1st grade, was made by the Tanjore division on 11th September 1895 on his transfer to West Coast division. No entry made from the date of his joining in this division.

The last entry was made by the North Arcot division on 28th October 1895 on transfer of Clerk C. M. Mylappa Pillai, IV class, 2nd grade, to West Coast division. No further entry in his service book shows when he joined this division.

Service books required reattestation in the following cases:—

Kunjan Nair, lascar.
A. B. Monteiro, clerk.
N. B. Rungasawmy Aiyangar, draftsman.
P. Bareed, lascar.
Karichen, messenger.
P. Ramanarayana Ponday, overseer.
S. D. Rebello, overseer.
A. K. Amboo, clerk.

The signature of the employé has further not been in several cases obtained to the entries in his service book.

12. There are at Cannanore a number of military buildings which are vacant and have not been in use for some time. The question of their disposal by sale or transfer should be considered.

13. The Executive Engineer expressed himself satisfied with his late Accountant M.R.Ry. Krishna Rao, though I find his work is capable of considerable improvement.

14. The Wynaad sub-division, whose head-quarters are at Lakkadi, and which had not previously been inspected, is in charge of Mr. F. Furnivall, Assistant Engineer, 3rd grade. It was now inspected on the 4th December 1895. Mr. Furnivall was unable to be present, distant works demanding his attention.

15. The cash book showed corrections uninitialled or improperly made. The balances on cheques had been carried forward on the counterfoil of the cheques drawn instead of on that of the previous one. Measurement books are not issued in the order received. No receipt is held from Divisional office for the completed books stated to have been returned to it.

Measurement sheets are sent in by the Overseers in charge of the Gúdalúr-Vayittiri and Vayittiri-Calicut roads. This is irregular.

Nominal muster rolls are sent to Divisional officer for record instead of this being done in the Sub-Divisional office. The road metal account of receipts and issues in form No. 19 is not checked as to receipts with contractor's bills. Copies of all contract bills are kept. This is superfluous, as also the copies maintained of half-yearly return of tools and plant. Progress reports in form 91 are prepared by the Sub-Divisional office and copies kept instead of being prepared by the Divisional office, and no copies maintained.

16. An advance from Sub-Divisional clerk's imprest to lascar Koran for travelling allowance has been outstanding since 2nd June 1895, and notwithstanding this a further advance of Rs. 2 was made him in October and November 1895. Privilege leave is given as reason for non-recovery.

17. The records previous to April 1894 are stated to be kept in Cannanore under charge of Overseer Mr. Pereira. They should be kept at head-quarters of the sub-division or returned for record to the Divisional office. The records at Lakkadi appear to be incomplete as the following numbers called for could not be traced:—

Sub-Divisional officer's receipt No. 283, dated 27th October 1894 (Executive Engineer's No. 2006 S., dated 26th October 1894).

Sub-Divisional officer's receipt No. 288, dated 29th October 1894 (Executive Engineer's No. 2012 S., dated 26th October 1894).

Sub-Divisional officer's No. 294, dated 30th October 1894 (Executive Engineer's No. 2018 S., dated 26th October 1894).

The records should be put in order and explanation for missing papers obtained.

MADRAS,
11th December 1895.

(Signed) CHAS. C. SWETENHAM,
Inspg. Officer, Public Works Accounts.

LIST of Military Buildings at Cannanore which are not used at present.

62 *b*	Privy for guard	Do.	
	Commissariat Buildings.		
64	Conductor and Sergeant's quarters	Sergeant's quarters vacant.	In one block. Conductor's quarters occupied, Sergeant's quarters vacant.

Office-note from the Examiner, Public Works Accounts, dated Madras, 17th December 1895, No. 32-B.

Submitted to Government for information and orders, special attention being invited to the following points.

2. *Paragraph* 2.—More care in the upkeep of measurement books is evidently necessary.

3. *Paragraph* 5.—The Executive Engineer should now take steps to get the pass-books corrected to his official designation.

4. *Paragraph* 6.—The Executive Engineer should look into this.

5. *Paragraph* 10.—Daily allowance passed to clerk S. S. Sivasubramaniya Aiyar for 5th to 9th June 1895 should be retrenched in the next bill. Details of journeys should always be entered in journals.

6. *Paragraph* 11.—The service books should be completed as pointed out.

7. *Paragraph* 12.—The matter brought to notice might have Superintending Engineer's consideration.

ORDER—No. 337 W., dated 28th January 1896.

Communicated to the Superintending Engineer, IV Circle, for the information and guidance of the Executive Engineer, West Coast Division, special attention being drawn to the remarks in the Examiner's covering note.

2. The Executive Engineer will see that more care is observed in the upkeep of measurement books. The state of service books in the division is unsatisfactory and they should be completed without delay. The Superintending Engineer will inquire into this matter in making the usual declaration in the administration report for 1895–96.

3. With regard to the vacant military buildings at Cannanore, the Executive Engineer has already been authorized * to let them to the best advantage, and by G.O. No. 1166 W., dated 15th May 1895, the old artillery married quarters were handed over to the Police. The question of further utilizing the buildings will receive the Superintending Engineer's consideration.

Report of an Inspection by Mr. C. C. SWETENHAM, *Deputy Examiner of Accounts, on the 27th November to 4th December* 1895 *of the accounts of the office of the Executive Engineer, West Coast Division.*

This division was last inspected in December 1894 by Mr. I. S. Sherlock-Hubbard, Examiner of Accounts, and still remains in charge of Mr. H. O'Connell, Executive Engineer, who was present at the inspection. Mr. J. E. D'Rozario, Accountant, joined the division in October 1895, but was on sick leave.

The inspection ranged for general purposes over the accounts for January-November 1895, for test audit purposes over March 1895, and for check of travelling allowance over the claims for March-October 1895.

2. The measurement books checked showed in many instances failure to record fully and accurately details of bills, measurements and corrections, and the permanency of the record was not always established by inking in contents. They had not been examined on return completed to Divisional office. The unvouched outlay showed failure in many cases to give full particulars of payments, payees' works, the name of receiving and responsible disbursing officer. Only contingent vouchers had been cancelled after entry in cash book. There were many delays in the payments of muster rolls for which Overseers Frank and Rebello were responsible.

Much correspondence is due to failure on the part of the Sub-Divisional officers to submit their accounts and vouchers to the Divisional office in time and correctly.

3. On the cancelment of cheques and issue of fresh ones, connecting references and full particulars of the matters were not always recorded in cheque books and cash book. Corrections on counterfoils of cheques were also not always completely or properly made.

4. Payments have been debited to the "Carriage of tools and plant" instead of to the works concerned in the cases of constructing groynes at Gangully Rs. 1–4–0 and Rs. 1–1–0 for freight of jumpers from Mangalore to Coondapoor for improvements to Gangully groynes.

5. The register of security deposits for the current half-year had not yet been opened out and pass books recently received had consequently not been entered. Several pass books were held in the personal name of the Executive Engineer instead of in his official designation.

6. In the annual B statement submitted to audit, Rs. 391 was shown as the value of materials at site of the work "Improvements to Gangully groynes," but the records of the Divisional office do not support this statement, which should have been explained.

7. Sub-heads of work had not been recorded in the register of works for "Improvements to Chundale-Mysore road," estimate Rs. 37,400, nor did the work abstracts display them. Contributions have not been specified and deducted in the register of works.

8. The register of buildings does not show all quarters available for rent, and in the "Return of rentable buildings" submitted to audit only those quarters actually rented are detailed. Each set of rentable quarters should be detailed.

9. The following points noticed in the previous inspection report (paragraphs of which are noted against them) have not yet been disposed of finally:—

(1) *Paragraph* 7.—7 (*e*) Several items are still detailed in full.

7 (*i*) The report called for in G.O. No. 2449 W., dated 2nd October 1894, was submitted to Superintending Engineer with No. 700 S.E., dated 6th December 1894, and orders are stated to be still awaited.

8 (*a*) There is a further charge during the month of March—*vide* Wynaad V. No. 67 for Rs. 3. Sanction of Government has not apparently been obtained.

27 (*i*) Final bill has been stated as sent to contractors for signature on 11th November 1895, but has not been returned yet by them duly signed. Mr. O'Connell has pointed this matter out to Mr. Wilson, his successor, as Executive Engineer.

30. Distribution not yet made.
39. The item has not yet been adjusted.
52. The Provincial register of buildings is stated to be under revision.

(2) *Paragraph* 12.—The details of arrears are still not checked.

(3) *Paragraph* 13.—The land has not yet been acquired, nor the sanction of Government obtained for paying the rent.

(4) *Paragraph* 25.—With the exception of items 4 and part of 6, the others have been rectified.

(5) *Paragraph* 27.—The write-back pointed out has not yet been made.

(6) *Paragraph* 31.—The amounts have not been debited to the contractors' account.

(7) *Paragraphs* 32 *and* 33.—Details are not traceable.

(8) *Paragraph* 34.—The work was completed in April 1894 and completion report sent on 5th July 1894.

(9) *Paragraph* 37.—The amount at debit of the sub-head "Materials at site" has been reduced to Rs. 576-5-0, but the details are not traceable.

(10) *Paragraph* 43.—Road-metal returns are not checked.

(11) *Paragraph* 44.—The rate-book is not maintained.

(12) *Paragraph* 48.—The register of incumbents has not yet been opened out.

(13) *Paragraph* 50.—The sevice book has not yet been opened out. It is stated that the peon Osmanby is still on probation.

10. The travelling allowance journals of Sub-Overseers Dorasawmy Mudaliar and Mr. D'Sylva are prepared in form 22 A, instead of in form 22 C, and those of the office establishment mostly in the old Madras form instead of in form No. 22 C. Distance from head-quarters has been entered only in the case of claims of clerks Sami Chetti and Sivasubramaniya Aiyar, and in other cases this information is not available. Journals are unnecessarily maintained for peons whose claims are also noted on the journals of the officers under whom they serve. The claim of acting clerk C. Thepperumal Mudaliar for January 1895 included in the travelling allowance bill for April 1895 has not been supported by a journal in form 22 C.

Clerk S. S. Sivasubramaniya Aiyar, whose head-quarters is Cherambady, claimed daily allowance for halts exceeding 10 days which was passed—

	DAYS.
26th and 27th May 1895, Vayittiri	2
28th May 1895 to 1st June 1895, Lakkadi, 3 miles from Vayittiri ...	5
2nd to 9th June 1895, Vayittiri	8

The claims of Clerks T. K. Atchutan for June 1895 to September 1895 and T. Sami Chetti for October 1895 have been prepared in form No. 22 B (Travelling allowance bill form, half sheet) instead of in form No. 22 C. Details of journeys not having been noted the claims cannot be checked. They should be obtained, checked and recorded. Journals of Clerk Sivasubramaniya Aiyar for July to September 1895 have been prepared in manuscript. The claims of Clerk T. K. Atchutan for October 1895 could not be checked for want of details of journeys performed, although the journal was prepared in form No. 22 C., the only entries made however being—

	RS.	A.	P.
Daily allowance for 18 days at 8 annas	9	0	0
Do. for 3 „ at 12 „	2	4	0
Five miles at 3 annas	0	15	0
Twenty-three miles at 2 annas	2	14	0
Total ...	15	1	0

11. In the service book of Clerk A. K. C. Amboo, IV class, 3rd grade, the privilege leave of three months granted and availed of from 8th October 1895 has not yet been noted in the service book.

The column Signature of officer has not been filled in in pages 3 and 4.

The clerk was considered to have acted as clerk, IV class, 1st grade, from 27th March 1895 forenoon to 11th September 1895 afternoon, but no entry was made to this effect in his service book.

The service book of Clerk J. C. Subbiah Naidu, acting IV class, 1st grade, has for last entry his transfer from the Superintending Engineer's office to West Coast division on 10th September 1895. No entry has been made after his joining the West Coast division.

In the service book of Accountant J. E. D'Rozario, the last entry is dated 19th October 1895. The date of joining the West Coast division has not been noted. The increase of salary of Rs. 3 each granted to certain peons from 24th November 1894 has not been noted in their service books.

In the case of M. Muthia Pillay, Acting Draftsman, 2nd class, privilege leave for one month granted from 10th October 1895 has not been noted in his service book.

The last entry in the service book of Supervisor Mr. S. X. Saldanha, 1st grade, was made by the Tanjore division on 11th September 1895 on his transfer to West Coast division. No entry made from the date of his joining in this division.

The last entry was made by the North Arcot division on 28th October 1895 on transfer of Clerk C. M. Mylappa Pillai. IV class, 2nd grade, to West Coast division. No further entry in his service book shows when he joined this division.

Service books required reattestation in the following cases:—

Kunjan Nair, lascar.
A. B. Monteiro, clerk.
N. B. Rungasawmy Aiyangar, draftsman.
P. Bareed, lascar.
Karichen, messenger.
P. Ramanarayana Ponday, overseer.
S. D. Rebello, overseer.
A. K. Amboo, clerk.

The signature of the employé has further not been in several cases obtained to the entries in his service book.

12. There are at Cannanore a number of military buildings which are vacant and have not been in use for some time. The question of their disposal by sale or transfer should be considered.

13. The Executive Engineer expressed himself satisfied with his late Accountant M.R.Ry. Krishna Rao, though I find his work is capable of considerable improvement.

14. The Wynaad sub-division, whose head-quarters are at Lakkadi, and which had not previously been inspected, is in charge of Mr. F. Furnivall, Assistant Engineer, 3rd grade. It was now inspected on the 4th December 1895. Mr. Furnivall was unable to be present, distant works demanding his attention.

15. The cash book showed corrections uninitialled or improperly made. The balances on cheques had been carried forward on the counterfoil of the cheques drawn instead of on that of the previous one. Measurement books are not issued in the order received. No receipt is held from Divisional office for the completed books stated to have been returned to it.

Measurement sheets are sent in by the Overseers in charge of the Gúdalúr-Vayittiri and Vayittiri-Calicut roads. This is irregular.

Nominal muster rolls are sent to Divisional officer for record instead of this being done in the Sub-Divisional office. The road metal account of receipts and issues in form No. 19 is not checked as to receipts with contractor's bills. Copies of all contract bills are kept. This is superfluous, as also the copies maintained of half-yearly return of tools and plant. Progress reports in form 91 are prepared by the Sub-Divisional office and copies kept instead of being prepared by the Divisional office, and no copies maintained.

16. An advance from Sub-Divisional clerk's imprest to lascar Koran for travelling allowance has been outstanding since 2nd June 1895, and notwithstanding this a further advance of Rs. 2 was made him in October and November 1895. Privilege leave is given as reason for non-recovery.

17. The records previous to April 1894 are stated to be kept in Cannanore under charge of Overseer Mr. Pereira. They should be kept at head-quarters of the sub-division or returned for record to the Divisional office. The records at Lakkadi appear to be incomplete as the following numbers called for could not be traced:—

Sub-Divisional officer's receipt No. 283, dated 27th October 1894 (Executive Engineer's No. 2006 S., dated 26th October 1894).

Sub-Divisional officer's receipt No. 288, dated 29th October 1894 (Executive Engineer's No. 2012 S., dated 26th October 1894).

Sub-Divisional officer's No. 294, dated 30th October 1894 (Executive Engineer's No. 2018 S., dated 26th October 1894).

The records should be put in order and explanation for missing papers obtained.

MADRAS,
11th December 1895.

(Signed) CHAS. C. SWETENHAM,
Inspg. Officer, Public Works Accounts.

Inspection Report of the accounts of West Coast Division.

Submitted to Government for information and orders, special attention being invited to the following points:-

2. Para 2. More care in the upkeep of Measurement Books is evidently necessary.

3. Para 5. The Executive Engineer should now take steps to get the Pass books corrected to his official designation.

4. Para 6. The Executive Engineer should look into this.

5. Para 10. Daily allowance passed to clerk S.S.Sivasubramaniya Aiyar for 5th.to 9th.June 1895 should be retrenched in the next bill. Details of journeys should always be entered in journals.

6. **Para II.** The service books should be completed as pointed out.

7. **Para I2.** The matter brought to notice might have Superintending Engineer's consideration.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

Proceedings of the Board of Revenue (Land Revenue), Mis. No. 5805, dated 19th November 1895.

Read—the following letter from E. C. RAWSON, Esq., Acting Collector of Tanjore, to the Secretary to the Commissioners of Land Revenue, dated 3rd November 1895, Ref. on Cur. No. 2238/Ver. :—

The construction of a new Collector's office at Tanjore has recently been sanctioned, and the work of construction will be taken on hand as soon as the acquisition of the site referred to in G.O. No. 2345 W., dated 21st September 1895, communicated in Board's Proceedings, Mis. No. 5315, dated 21st October 1895, is completed.

2. The question of providing the Collector with a residence at Tanjore now arises. There is no house available which is at all suitable for the purpose. I have therefore the honour to request that the Board will be pleased to move Government for the construction of a house for the Collector.

3. It is desirable that the work should be carried on at the same time as the building of the office, so that the two buildings may be available about the same time.

4. The Superintending Engineer in paragraph 6 of his letter No. 330 W., dated 5th September 1895, embodied in G.O. No. 2345 W., dated 21st September 1895, has selected site No. 3 for the Collector's house, if one should have to be built. It is either on that site or in the immediate neighbourhood that the house should be built.

Resolution—Mis. No. 5805, dated 19th November 1895.

Submitted for the sanction of Government with reference to G.O. No. 2345 W., dated 21st September 1895, communicated with G.O. No. 4049, Revenue, dated 9th October 1895.
