G.O. No. 3433 W.

DATED 2^d Dec^r 1896

[Despatch Abstract.]

Madhavajane Tank Project. Sanction ac-
corded to the entertainment, for six months
from 8th July 1896, of a Surveyor on Rs. 60 and
classers on Rs. 6 each per mensem in connection
with the — in the Bellary Division.

Sanction accorded to the entertainment, for six months from 8th July 1896, of a surveyor on Rs. 60 and five lascars on Rs. 6 each per mensem in connection with the — in the Bellary division.

No. 3433 W., 2ND DECEMBER 1896.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General
Establishment.

READ—the following paper:—

From W. B. DEWINTON, Esq., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 7th October 1896, No. 1993 W.

I have the honour to forward herewith a proposition statement for survey establishment submitted by the Executive Engineer, Bellary division, and request that you will be good enough to obtain the sanction of Government thereto.

2. I annex copies of correspondence on the subject, which will show that the surveyor was originally appointed in view of Sub-Engineer Mr. French's expected arrival in the Bellary division, so that there might be no delay in starting work on the Seegur project, of which the investigation has been in abeyance for sometime owing to want of the necessary staff.

3. Mr. French's transfer was, however, cancelled—*vide* your No. 975 D., dated 5th August 1896, and the surveyor has, therefore, been employed elsewhere, and will now be put on the Madhavaram tank project, which will require a considerable amount of surveying and levelling, more than the overseer in charge of the taluk has time for.

4. The Executive Engineer's statement about the difficulty in obtaining surveyors is correct, and I consider that his action in the matter may, under the circumstances, be approved.

ORDER—No. 3433 W., dated 2nd December 1896.

In the circumstances explained, sanction is accorded to the entertainment, for six months from 8th July 1896, of a surveyor on Rs. 60 and five lascars on Rs. 6 each per mensem in connection with the Madhavaram tank project in the Bellary division.

2. This sanction has been registered as Provincial No. 59 W. of 1896-97 and classified as Establishment, Temporary.

REFERENCE TO MADRAS P. W. D. CODE,
EDITION OF 1886.
PARAS. 25 & 26.

1. The column headed “present scale” should invariably show the *sanctioned scale for the time being* and not the strength of the actual (whether above or below sanctioned) establishment as it happens to stand at the time. The “present scale” should be verified by the examiner before the proposal is submitted to government for sanction (paras. 25 and 26).
2. In the column “average or fixed pay,” financial value, not mean value, should be given.
3. The financial value should in the case of progressive appointments be calculated as follows:—
- (1) If the period of rise, from minimum to maximum is 5 years, the average will be the minimum *plus* two-thirds, or if the appointment is a ministerial one, *plus* three-fourths, of the difference between the minimum and maximum (C. S. R., Art. 164).
- (2) If the period of growth exceeds five years (as in the case of accountants) the $\frac{1}{6}$ th fraction should be decreased by $\frac{1}{60}$ th of the difference for every year by which the period exceeds five; the fraction for periods in excess of five years will therefore be as follows:—
- $$6 \text{ years} = \frac{3}{4} - \frac{1}{60} = \frac{44}{60}$$
- $$7 \text{ years} = \frac{3}{4} - \frac{2}{60} = \frac{43}{60}$$
- $$8 \text{ years} = \frac{3}{4} - \frac{3}{60} = \frac{42}{60}$$
- and so on; so that when the period of growth is 20 years the financial value will be the exact mean.

PUBLIC WORKS DEPARTMENT, MADRAS.

• Tabular Statement showing the proposed Changes in the Establishment of the P. W. Department, Madras Presidency.

The entries within under the head, "Present scale" have been checked and found correct [subject to exceptions noted below*].

Signature and rank of Head of Office.

Memo. from the Supt. Engineer, III Circle,
No 1685 dated 7th September 1896 to the Executive
Engineer, Bellary Division.

Ref: Exe. Engis No 4760 of the 26th ultimo.

With reference to the Exe. Engineer's request
that the Survey party applied for may be sanctioned
with effect from the 8th July 1896, the undersigned
has the honor to invite his attention to this Office
endorsement No 1052 dated the 6th Idem in which
he was requested to direct the Overseer in charge
of Adoni Talay to make the necessary investigations.

2. The Exe. Engineer is requested to furnish
explanation why the levels already taken have required
a special Surveyor, who has apparently been appointed
on the Exe. Engineer's own responsibility.

Letter from the Exe. Engineer Bellary Division
No 5310 dated 18th September 1896 to the Supt.
Engineer, III Circle, Bellary.

With reference to your No 1685 of 7th September
1896, I have the honor to state that the proposition
statement being dated from 8th July 1896 is the
result of many things, the history of which is as under.

Mr French was appointed to my division
months ago, and after many enquiries it was
definitely stated that he might be expected
to join at the end of June 1896. vide your No 1031

of

of 3^d July 1896. I therefore set about getting an establishment ready for him, such as Surveyor, Draftsman, Clerk &c., so that there should be no delay in starting the Coogoor Project on his arrival. On the 8th July 1896, I happened to run across a Surveyor at Dharmavaram and it is a most difficult to obtain one, I appointed him.

Mr. Norfor, the recent Superintending Engineer sanctioned an estimate of Rs 700 for survey operations. Vide your No. 79 of 5th April 1895, and I intended to charge him to this. I found, however, that the sanction was not valid, & therefore, submitted a proposition statement. In the meanwhile, Mr. French's appointment was cancelled, and you in your No. 152 of 19th August stated "that it will be time enough to submit the proposition statement" when a successor was appointed.

On August 7, you inspected the Mathavaram tank project, and I obtained your verbal permission to employ a Surveyor for working out the scheme, and submitted a proposition statement vide my No. 4760 of 26th August.

The Surveyor had been employed in odd levelling jobs here and there, and it was necessary to get his pay sanctioned, and I, therefore, ordered the statement to be dated from his first employment. This fact should have

have been brought to your notice, and the omission is regretted.

The preliminary levels of the tank were taken by the Overseer as directed by you.
