It is probable that the allotments for items 3 & 7 will be fully utilised before the end of the official year, & they may therefore be correctly said to be in progress — & the schedule is for allotments required to complete the works in 1897–98.

Item 6 has an allotment in the current year, & if the estimate is sanctioned in time, some progress will be made before the end of the offl year. If otherwise however, the allusion to this item in para 5 of the draft will be omitted. yes

On item 5, an expenditure of 1879 Rupees was incurred in the collection of materials & a further outlay of Rs 400 has been incurred in 1896–97 — the estimate is now before the G. of I. & may be sanctioned before the close of the year — The reference to this item in para 5 —
