No 271 S.E. of 6 July 1896

From Mr. R. A. Srinivasa Sanyal Aul Rai Sahib
 Executive Engineer Negapatam Division

To the Supg. Engineer, V Circle.

Sir,

In forwarding herewith a tracing from the village
 plan of Negapatam showing the D. P. W. Bungalow and
 other adjacent buildings, I have the honour to report
 as follows:-

1. The portion coloured gamboge and green were
 originally set apart by the Revenue Board as public
 camping ground. The portion coloured green was since
 given over to the Negapatam European Club. The
 building marked Traveller's Bungalow was originally the
 property of Mr. Morris, the then Collector of Tanjore
 who handed it over to Government for use as a Tra-
 -veller's Bungalow. It was used as a Traveller's Bunge-
 -low till 1880 when the building was in sad need of
 repairs and the amount at its credit was not suffi-
 -cient to cover the cost of repairs. At this juncture,
 a rich ryot by name Shavasi Muthu Nadar came
 forward and offered to undertake the repairs of the
 building and to keep it as a Traveller's Bungalow,
 levying fees from the travellers. An agreement was
 taken from him and the building was handed over to him
 in July 1880 with the balance of fees at its credit and
 furniture

Papers can't be found in 1880

furniture worth about Rs. 68.12.0 one of the conditions was that the building should be handed back to Government at any time it may be required by them

2. The building is no longer used as a traveller's bungalow, but is now rented by Ratnasami Nadar the son of the said Thavasa Muthu Nadar, to a Police Inspector on a monthly rental of Rs 20. In the ground coloured gamboge there are ^{two} no public drinking water wells and the ground round them is rather low, and during the rainy season, water stagnates near them. As this is injurious to the health of the people using the well water, the Chairman of the Municipality called upon the H. Asst. Collector in December last to have the hollows filled up. The H. Asst. Collector wanted the Executive Engineer to attend to it. As the land is not in charge of the Dept. I do not know how I can get the work done. The work costs 140 Rs.

3. I wish to bring to your notice that there is no accommodation in this town for the officers on tour. The Examiner of Public Works Accounts and the Insp. Engineer cannot find accommodation when they happen to inspect the Executive Engineer's Office. The Officers of the other Departments are also put to the same inconvenience.

I would therefore recommend that the building may be taken over by us and utilized as a rest house for the accommodation of officers and subordinates of

of all departments on tour. I request also your orders as to whether I may fill up the hollows as requested by the Head Assistant Collector.

I have &c

No 1724

Copy to the Chief Engineer P. W. Dept. with a very strong recommendation that the land and bungalow on it be resumed by Government and that it be used as a P. W. Dept. rest house.

2. The very greatest inconvenience is felt at Nagapatam from the want of such a rest house.

3. There is no traveller's bungalow, and the Executive Engineer being a native, and likely to always ^{be} ~~be~~ one, Officers have no where to put up, ~~and the very greatest inconvenience is felt.~~

4. The present owner of the building has no right to rent it to a private individual, as it was only handed over to him, on the condition that it ^{was} kept for the use of the public.

The SECRETARY TO THE COMMISSIONERS

OF Land Revenue

Madras.

Sir,

With reference to Board's reference, dated
22nd September 1896 on General Register
No 5110 of 1896, and reminder, thereon, dated
5th October 1896, No 2720, Rontur, Inquiring
whether the Municipal Council, Negapatam,
is willing to take Charge of the Traveller's
Bungalow at Kadambadi, I have the
honor to enclose Copy of its resolution, dated
16th October 1896, and of the Chairman's
Committee letter on the subject. The Council
is willing to take Charge of the building
provided that it is thoroughly repaired,
and improved and supplied with
the necessary furniture. It appears that an

an Estimate for the necessary additions and
improvements was prepared, and placed
before the Council meeting. The amount is put
down at Rs 3000.

2. As it is thus clear that the Council
is not prepared to take the building,
as it is at present, it may be made over
to the Public Works Department to be used
as proposed by the Executive Engineer
as a Rest House for the accommodation of
officers and Subordinates of all depart-
ments on tour, those of the Department
of Public Works having the priority of occupation.
