P. W. D. Form No. 4IH.

Current No: 10585

Madras PROVINCE.

NOTES.

Reference to P. W. D. Code.

Chapter XV, section vi, para. 199.

1. This form should be used by the Executive Engineer or the local Government in any of the following cases :—

- (a).—When a grant, or an addition to an existing grant, is required for carrying on a sanctioned major work.
- (b).—When a grant for a work is found to be in excess of requirements, and it is proposed to resign it, either wholly or in part.
- (c).—When it is proposed to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.

4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus :—

PROJECT.

(1).—HEAD WORKS—

- (B). Land
(K). Buildings

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

- Item 1. The sum of Rs 1000 applied for is required to meet the expenditure on the supplemental estimate lately sanctioned in G.O. No 2665W of 18.9.96 for constructing cattle shed in the Compound of the St. Mungisiff's Cant at Kanasaghatt.
2. Applied for with reference to para 2 of G.O. No 3004 W of 23.10.96 for constructing an office for the District Northern B. at Buckinghampett, Raywada.
3. Rs 700 is required for repairs to Police lines at Guntur the estimate for which has been lately sanctioned by S.E. in No 96 S.E. of 1896-97 for Rs 740.
- 4 + 5. The surrender is made as the masons accustomed to the class of work on these categories are not obtainable in the District and those imported have twice run away. The surrender must be made under any circumstances and as the money can be utilized on much needed irrigation works in the dry taluqs, transfer to those works is proposed.
- * The money surrendered on these works may be transferred to 43. Irrig. works for which Capital and Rev. accounts are not kept for utilization on the works as per separate statement herewith.

Note by S.E. * It is doubtful whether 180/ H.T. Keeling a transfer can be made from 45. to 43. Reference has been made to the Engr. K.N.D.
