P. W. DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

From the Superintending Engineer, VI Circle, No. 1571
M.D., dated 3rd December 1896.

Д. 44
10.12.96

The Government agrees with the Superintending Engineers in considering that the Executive Engineer, Madura Division, has failed to make out a case in support of his application for an additional draughtsman. The application is therefore rejected.

From A. Joyce Esquire, Executive
Engineer, Maduradu, to the Super-
intending Engineer, Mysore, No.
455 S.E. of 27 November 1896: —

With reference to your
No. 1281 No. of 16 October 1896, I have
the honor to forward herewith a
Comparative Statement of sanctioned
plans and estimates for the 3 years
from 1894-95 to 1896-97. From the state-
ment it will be observed that the
decrease in the No. of estimates in
1896-97 is not much as compared with
last year though in regard to plans
it has gone over one half. Considering
the circumstance that no additional
establishment has been allowed up
to date during the current year which
there was sufficient extra establish-
ment working in 1894-95 & 1895-96
to cope with the heavy work of those
years, it is found in the course of
actual working that the work of the
division including taking copy of
sanctioned plans & estimates cannot

be managed by the ordinary estab-
-lishment without undue pressure
and without working extra hours. To
prevent work falling in arrears &
to afford relief to the present staff,
I would request that sanction may
be given for an additional man on
to 25 up to the end of the current year
at least, and renewal of sanction
will be applied for in next year,
if necessary.

No. 1511 md.

Copy, with copy of the enclosure, L^t W. 1.
is submitted to the Chief Engineer,
P. W. D., with reference to his No. 3562C
dated 12 October 1896.

2. The Executive Engineer has
failed to make out a case in support
of his application for an additional
draughtsman.
