REVENUE BOARD OFFICE MADRAS

Proceedings of the Board of Revenue

(Separate Revenue)

Dated 11th November, 1896.

Mis No. 4711

Read the following letter from the Collector of Malabar Reform 2nd 909/S.D. dated 7th November 1896

"I have the honour to report that I recently inspected the Sea Customs office building at Tellicherry as the Superintendent had complained that his office accommodation was insufficient.

2. It consists of 3 lower rooms, an open Verandah, and a small upper storey over one of the rooms which is exclusively used by the Post Office. One of the three lower rooms is

is occupied by the Post offices Establishment, another by the Superintendents Establishment, and the third is used for keeping the office stores, records etc. There is thus no room for the Superintendent.

A portion of the old weighing shed has therefore been temporarily enclosed with Matty screens and is used as his office room, the warehouse lately constructed having been provided with a weighing shed. The Superintendent proposed to wall in this old shed, but this does not commend itself to me as it would shut out all the seabreeze from the Custom House.

3. The Executive Engineer was therefore requested to prepare an Estimate for extending the upper story; but he is of opinion that the improvements proposed will exceed Rs 5000. The Sanction of Government is therefore necessary for preparing the plans and Estimate. I accordingly submit the matter for the orders of the Board.

Resolution

Submitted to Government for the favour of the issue of orders for the preparation of plans and Estimates by the D.P.W.
