No 235 Cl.

Office of Superintendent
of Works
No 1 Pungar Division
Pungar 25th March 96

From

S. D. Pease Esqre

Superintendent of Works
No 1 Pungar Division
Pungar

To

Enclosure 1.

The Chief Engineer
For Irrigation
Madras.

Sir,

I have the honor to annex a
statement of the floating tools
and plant of this Division
and to request that I may be
allowed to write off the whole

- except.
- 3. Steam launches (2 to go to Madras)
 - 4. Steel punts,
 - 2. 60' punts (both to go to Madras)
 - 2. Jolly boats
 - 3 dugouts.

With the exception of the
aut rigged boat, one locally
made jolly boat, and one
dugout

dugout, which I have sold
all those that I propose to write
off are wooden vessels in the
last stage of decay which
it would be quite useless to
think of transferring elsewhere,
or of maintaining on the lake
when they are not wanted
and there is no staff of
Carpenters to maintain them.

I have the honor to be

Sir,

Your most obedt. servt

J. D. Van

Superintendent of Works

No 1, Regina St.
