Yes. But the
estimate will be
increased, as another
foot and a half of
concrete is necessary to
take the foundation down
to the gravelly soil. The
estimated cost of concrete
will thus be doubled - i.e.
increased from Rs 2440 to
Rs 4880.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

Proceedings in the Judicial Department, No. 2433 dated 25th Novr. 1895.

Telegram from the Executive Engr. Godavari Eastern Division, dated 14th

January 1896.

The estimate for constructing quarters at Rajahmundry for the Reserve Inspector of Police has been increased from Rs. 2,660 to Rs. 2,945, owing to an extra depth in the foundation having been found necessary, and as the amount is in excess of the limit allowed by para 17, Chapter X, Volume I, P.W. Code, the sanction of the Government of India to the expenditure will be applied for.

H.E. No. 408. W.d/1 Feby. 1896.

To

The Secretary to the

Government of India,

Public Works Department.

Sir,

With reference to Rule (3), para

Plastering or Pointing both the interior & exterior surface of walls are to be plastered with one coat of mortar & whitewashed.
Flooring is to be of 4 1/2" concrete with same sand & the surface plastered with the same.
Roofing is to be of flat & pan tiles laid over teak rafters & country wood ceiling including chimney bands &c.
Doors and Windows are to be of country wood bottom & wood lined on both, utilizing existing doors, as much as possible.
Roof timbers to be of teak wood and banded 2 coats.
Scantlings are correct.

Rates are fair.

The plinth area of the main building is 1742 square feet, and the cost per square foot will be Rs. 1.6.5.

The plans and estimates have been countersigned by the Inspr. General of Police and approved in the Judicial Dept. Department.

REMARKS.

The plans & estimates under review amounting to Rs 2660 have been framed with reference to G.O. No. 814 W dated 20 April 1895 and provide for constructing quarters for the Reserve Inspector of Police in the Godavari Dist. at Rajahmundry, as the existing building which is reported to be built of kutcha materials is considered by the S.E. not worth repairing.

The accommodation proposed is Yes a sitting room 16' x 14', one large bed room 16' x 14' & another bed room 12' x 14' with two verandah bath rooms, each 8' x 7' & a store room 7' x 7' together with a front & rear verandah 8' x 9' and a detached block for a well.

utilizing the old materials of the existing building at an approximate value of Rs 190.

The rent of the building calculated according to rules will be as follows:-

Estimated cost of quarters	Rs 2660
Add value of old materials	190
Total	Rs 2850
Add 10% for Stab. Tools & Plant	285
Total Capital Cost	Rs 3135
4% on Capital to cover interest	125.40
3% on - do - for repairs	94.05
10% on Repairs for Stab. Tools & Plant	94.05
Total annual rent	Rs 313.50
- do - monthly -	26.125
or Rs	26-1-1

The average salary of Police Inspr. is Rs 130 (varying from grades, 70, 100, 150 & 200) & 8% on the average salary will be Rs 10.4 the rent to be recovered against the calculated rent of Rs 31.35. The sanction of India will therefore be necessary for the construction of the proposed quarters as it is not possible to design suitable quarters for the amount allowed by rules.

The survey of the out-house is 6 feet above ground level & it is a plain rather low for an ordinary out-house.

,, Judicial Department.

17, Chapter X, Volume I, P.W. Code, I am directed to request the sanction of the Government of India to the construction of quarters for the Reserve Inspector of Police at Rajahmundry in the Godavari District at an estimated cost of Rs. 2,945.

2. The building hitherto occupied by the Reserve Inspector was formerly the Jailor's quarters in the old District Jail. It is very old, of temporary construction and is now riddled with white ants and in a dangerous condition. It is proposed therefore to dismantle it, and to construct a permanent building at the above named cost, no other public quarters being available.

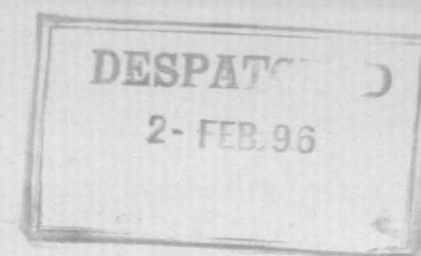

3. Under Rule (1), para 17, Chapter X, Volume I, P.W. Code, the cost of the building should be limited to a sum which will produce a rental of about Rs. 10 per mensem, which is 8 per cent of the average pay of the different grades of Inspectors, while the rent calculated according to Code rules on the estimate of Rs. 2,945, works out to about Rs. 20 per mensem. It is however found impracticable to design suitable quarters for a European Inspector for the sum allowed by the rules, and the plan now received provides only for a building

of three small rooms with bath rooms etc of rough stone in mortar. I am therefore to request sanction to the proposal.

I have etc.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Inspector General of police, Madras, dated 8th November 1895 No 554I.

I have the honour to submit for the sanction of Government, plans and estimates amounting to Rs. 2660 for Constructing quarters for the Reserve Inspector of Police at Rajahmundry, Godavari District.

2. This work was approved of in G.O. No. 613, Judicial dated 25th March 1895.

3. It will be seen from the statement giving data for the calculation of rent, that a rental of Rs. 18-4-0 per ~~man-~~ man- sem has been arrived at on the average salary of the 4 grades of Police Inspectors. The Superintending Engineer states that it is not possible to design suitable quarters for the amount allowed by the rules especially as rates are high at Rajahmundry.

4. As the land belongs to Government, the cost of site has not been included in the estimate.

ORDER dated 25th November 1895 No. 2433
