No. 525 W., dated 28th February 1893, submitted their budget estimates of works under Incorporated Local Funds for 1896–97. The allotments for "works" and the charges for "establishment" and "tools and plant," amounting in all to Rs. 65,043, have been approved by the Local and Municipal Department, and the budget estimate has been prepared accordingly.

4. *Excluded Local Funds—Charges.*—The budget estimate of charges for 1895–96 under Excluded Local Funds amounted to Rs. 75,350. The revised estimate has been increased to Rs. 1,60,055, the increase being due to the following causes :—

(*a*) Allotment of Rs. 40,000 for the Tuticorin pier ;
(*b*) Allotment for incomplete works of 1894–95 and new works undertaken during the course of the year 1895–96.

5. *Port Funds.*—The budget estimate of charges for 1896–97 under Excluded Local, Port Funds, comprises all works, original and repair, brought forward by the Presidency Port Officer in his budget estimate of Port and Marine funds, as well as repairs proposed by Superintending Engineers, but omitted by the Presidency Port Officer. Some original works brought forward by the Superintending Engineer, IV Circle, have not been included in the Presidency Port Officer's budget. They have accordingly now been omitted from the budget approved by Government. The duty of budgeting for original works devolves on the latter officer under G.O. No. 525 W., dated 28th February 1893. A reserve of Rs. 3,000 has been provided to meet unforeseen demands that may arise during the course of the year. The total grant inclusive of establishment and tools and plant charges amounts to Rs. 34,698 and provision for this sum will be made in the budget estimate of Port and Marine funds. Orders will issue in the Financial Department for the transfer of the amount to the Public Works Department.

6. *University Fee Fund.*—The Consulting Architect has applied for a grant of Rs. 3,000 for repairs under University Fee fund. The amount *plus* percentage charges has been included, subject to the approval of the Registrar of the University of Madras, which the Consulting Architect has been directed to obtain.

7. The total charges both under Port and University Fee funds thus amounts to Rs. 38,443.

8. The Superintending Engineer, IV Circle, will expedite the submission of plans and estimates for the Port Officer's residence at Calicut to admit of the grant being utilized before the close of the next official year.

9. The Superintending Engineer, IV Circle, has not furnished details for the allotment of Rs. 3,000 applied for under Miscellaneous Public Improvements, Minor works (*vide* item 8, part II of the Excluded Local Funds budget). This information should be furnished at once.

10. With these remarks the preliminary issue of the Incorporated and Excluded Local Funds budget estimates for 1896–97 will be printed and circulated to the officers concerned for information and guidance, and four copies will be forwarded to the Government of India, Public Works Department.
