Ag. Under Secy. to Govt.

Note by the Chief Engineer, Public Works Department.

By a clerical error in the estimate, the cost of the item "Sand filling in basement" was entered as Rs. 40 instead of Rs. 140. The necessary correction has now been made.

2. With reference to the Proceedings of the Revenue Board, No. 6291, dated 17th December 1895, the provision for a roofed latrine in the estimate has been struck out. The Superintending Engineer should submit a supplemental estimate for an open latrine.

3. By the above-mentioned modifications, the estimate has been altered in amount from Rs. 18,400 to Rs. 18,250 and is submitted for sanction.

Current No. - 10261
Letter No. 5090
Dated 17th December 1895
From the Revenue Department.

NOTE BY TECHNICAL SECTION.

Name of Work Construction of a new Deputy Tah.
sildars office with out houses at Kottapet
in the Coimbatore District.

Amount of Estimate, Rs. 18,500.

PARTICULARS OF ESTIMATE.

Main Building	Office.	Rs.	16,700
Record books		"	540
Subsidiary Buildings	Cook house	"	720
	Latrine	"	250
Contingencies	4% (Rs 763)	"	
Petty Supervision	3% (Rs 486)	"	
Land compensation		"	130
Wire fencing		"	160
Total Rupees			18,500.

PARTICULARS OF CONSTRUCTION.

Surface soil Fine soil as per trial pit sections
Sub soil Fine sand & firm clay - do.
Foundations are to be laid to a depth of
4 1/2 feet. The lower 2 feet to be of
concrete & the upper 6 inches to be built
of rubble in mortar.
Basement is to be raised 2 feet & built of
rubble in mortar.
Walls are to be raised as per dimensions
shown on type design & printed
Schedule of quantities, & is to be built
of rubble stone in chunam with arch
work over doors, windows & archways
of brick in chunam.

Plastering or Pointing The interior of the building is to be plastered with 2 coats of chunam & the exterior painted with surki mortar.

Flooring is to be of 6 inches concrete & plastered with cement, except the road room, jail & other wards which are to be of 3/4" asphalt over 6" concrete.

Roofing is to be tiled throughout with bricks on edge & supported on teak beams & joists.

Doors and Windows are to be of teakwood of the descriptions noted in the estimate & painted with 3 coats of Chinese oak paint.

Roof timbers are to be of teakwood & woodwork 3 coats.

Scantlings are correct, as per printed schedule.

Rates cannot be examined with the Divisional Schedule as it is missing, but data lists have been submitted in support of the rates.

The plinth area of the main building is 5,495 square feet, and the cost per square foot will be Rs. 3.0.9 exclusive of site & road works.

The plans and estimates have been countersigned by the Collector of Krishna District and approved in the Revenue Department.

REMARKS.

The plans & estimate under review, have been framed with reference to G.O. No. 2800 W dated 20th Nov. 1894 & provide for constructing a new Deputy Tahsildar's Office with out-houses at Kottapetta in the Godavari District, on the site of the existing building which is to be demolished.

The main building will be in accordance with the type design circulated with G.O. No. 3122 W dated 20th November 1891, except that the verandah & cross walls have been increased in thickness from 13 1/2" to 18" to suit rubble masonry. The foundations have been designed to suit the nature of soil, vide section sub-mitted.

The existing wall is situated to the

be badly designed & cannot satisfy. factually he altered to serve as a latrine provision has therefore been made for acquiring a strip of land as shown on site plan, for the construction of a new latrine as per design approved in G.O. No. 1709 W dated 9th Nov. 1894 & a cook house as per design circulated with G.O. No. 1409 W dated 28th May 1889.

The estimate also provides for 11 teakwood round racks, each 6x2x4 1/2" & a movable wooden ladder as per design circulated with G.O. No. 802 W dated 19th March 1891.

No provision has been made for demolishing the existing building as the sale of the materials, it is stated, will probably cover the cost.

The Collector has been requested in Board's proceedings dated 23rd Nov. 1895 No. 5915 Mis. to state whether an open latrine may not be substituted for the roofed structure provided in the estimate.

The amount of the estimate has been increased from Rs. 18,400 to Rs. 18,500 owing to a clerical error in the item of sand filling.

+ 18 encls. (2 plans)
Estimate for the construction of a new Dy. Tahsildar's cutcherry with out-houses at Kottapetta, Godavari Dist.

This is a mistake. The estimate was sanctioned as correct.

Forwarded to the Suptg. Engineer I Circle with the remark that some of the surface soil appears to be firm, but not all according to the sections, which however show no distinction between surface soil and subsoil, and as the depths are not mentioned, it seems doubtful whether the site is a suitable one for building on. Before the estimate can be sanctioned, further particulars on the points should be submitted.

2. The amount of the estimate has been altered in pencil in this office from Rs. 18,400 to 18,500 owing to a clerical error in the item of sand filling; this should be attended to, and the estimate should be further amended to provide for an open latrine in lieu of a roofed structure, with reference to the Revenue Board's Proceedings No. 6291 dated 17th December 1895.

The Suptg. Engineer, I Circle,
with original papers, to be returned.
