~~G.O. No. 297 W. dated 24th January 1896.~~

G.O. No. 30, Financial, dated 11th January 1896.

RECEIPTS.

The budget estimate of receipts for 1895-96 under 45. Provincial Civil Works was fixed at Rs. 1,25,000. The same amount has been adopted as the revised estimate for 1895-96 and the budget estimate for 1896-97.

CHARGES.

2. The budget estimate of charges for 1895-96 amounted to Rs. 30,20,000. The revised estimate has been reduced to Rs. 27,29,927 by the following modifications of grants subsequently sanctioned:-

(a) Surrender to the Financial Department of the grant of Rs. 1,41,000 for the Detention Hospital at Madras.

(b)

V 0

(b) Transfer of Rs. 20,000 from the Civil to the P.W. Budget of the grant for Agency Works in the Vizagapatam District.

(c) Transfer of Rs. 2,561 from the P.W. to the Civil Budget to meet the cost of the machinery supplied to the Workshops of the College of Engineering by the Educational Department.

(d) Surrender to the Financial Department of a sum of Rs. 1,99,000 from accumulated balances.

(e). Transfer of Rs. 32,4~~3~~8 from 43. Minor Works and Navigation to 45. Provincial Civil Works on account of the cost of the Tank Restoration Establishment, owing to the incidence of the charge being altered.

3. The Financial Department having assigned a grant of Rs. 28,00,000 for expenditure during 1896-97 the budget estimate has been prepared for that amount. The grant has been distributed as shown below:-

Original Works.

Civil Buildings, Major Works	11,23,351.
Communications, - do -	48,293.
Miscellaneous Public Improvements. - do -	90,000.
Minor Works.	82,000.
Reserve with the Govt. for incomplete and new works.	5,34,267.
Total Original Works.	1877911.

Repairs.

Repairs.

Civil Buildings.	2,13,843.
Communications.	86,000.
Miscellaneous Public Improvements. . . .	14,800.

Establishment. . . .	5,72,045.
Tools and Plant. . . .	35,401.
Grand Total.	28,00,000.

4. In accordance with G.O.No.525 W. dated 28th February 1893, heads of departments have submitted budget estimates for original works costing over Rs.500 and Superintending Engineers and the Consulting Architect for original works costing Rs.500 and less and for repairs. The allotments for works have been fixed by the Budget Committee in accordance with the procedure approved in G.O. No.2856 W. dated 11th October 1883. The works for which funds have been provided are shown under Class A, while schedule B contains works for which no allotments have been made.

5. It is observed that the provisions of G.O.No.525 W. dated 28th February 1893 which place upon heads of departments the duty of submitting budget estimates for original works

works costing over Rs.500 have been overlooked by the Superintending Engineers II and V Circles and the Consulting Architect in the budget estimates prepared by them. The estimates to be submitted by the officers of the P.W.Department should in future be confined to Civil Buildings connected with the P.W.D. original works under "Communications", ~~and~~ "Miscellaneous Public Improvements", Minor Works costing less than Rs.500 and Repairs. Particular attention should be paid to this matter in future.

6. Certain Original Works have been brought forward by the Heads of Departments for which allotments have been provided to the full extent of the sanctioned estimates in the current official year. These have been excluded from the budget. The repair works brought forward by these officers have also been eliminated, as such works are provided for in the lumpsum allotments placed at the disposal of Suptg. Engineers and the Consulting Architect.

7. Funds have also been provided for a large number of unsanctioned new works. These should not, however, be commenced until estimates have been duly sanctioned. The Government looks to Suptg. Engineers to expedite

as

as far as possible the submission of estimates for the works in question, to admit of the grants being fully utilised before the close of the official year. The Chief Engineer will, in reviewing the results of the year's operations, bring specially to the notice of Government any case in which funds have been allowed to lapse owing to delay in the preparation of estimates. Should the existing staff of draftsmen in any Circle be insufficient to cope with the work of framing estimates, timely applications for additional men, supported by proper reasons, should be submitted. Orders will also issue in the Revenue Department that no avoidable delay should be allowed to occur in handing over sites for buildings, and all officers through whom estimates may pass will expedite their transmission to Government as much as possible. It is hoped that careful attention will be given to these instructions so that lapses of grants which occur year after year owing to want of timely arrangements may be avoided in future.

8. A review of progress reports shows that another fruitful cause of short expenditure on works is delay in the manufacture of bricks, which is frequently postponed till the

the monsoon rains render such operations impracticable for months at times. Suptg. Engineers will see that such defective arrangements are not allowed to occur in future.

9. The amount required for incomplete works will be provided from the reserve on receipt of detailed proposals from Suptg. Engineers and the Consulting Architect. These should be submitted as early as possible after the close of the current official year.

10. Allotments for Minor Works and Repairs have been made to the full extent of the demands.

11. The distribution of grants for Minor works and repairs is shown in part II of the budget and that for Tools and Plant in part IV.

12. With reference to G.O.No. 2705 W. dated 29th October 1895, a sum of Rs. 180 has been provided for the conservation of Archaeological works in the II Circle during 1896-97. The Superintending Engineer will report to what Division the amount should be allotted.

13. The allotments applied for by the Chief Engineer, Military Works, Madras Command, for expenditure on Minor works and Repairs at Bangalore, Wellington and Ramandrug have been

provided

Special

His Excellency the Governor.
and
The Honorable MR. Bliss. C.I.E.

Provincial Civil Works budget
for 1896-97.

Print very emergently

provided in part II.

14. The cost of Establishment for 1896-97 is estimated at Rs. 22,63,850 or Rs. 67,211 in excess of that for 1895-96, the increase being chiefly under the following heads:-

(a). Engineer Establishment.

(b). Lower Subordinate Establishment.

(c). Office Establishment.

(d). Local Allowances.

(e). Accounts Establishment.

The estimate is based on the existing sanctioned strength in each case. The net debit to Provincial Civil Works is Rs. 5,72,045 or 26.½ per cent on the grant for "Works" as against 24,4 per cent in 1895-96.

15. As the net result of the transactions under "Suspense" is not expected to show either increase or decrease in the accounts for 1896-97, part VI of the budget has been omitted.

16. With these remarks, the preliminary issue of the Provincial Civil Works budget for 1896-97 will be printed and circulated to the officers concerned for information and guidance and four copies will be forwarded to the Govt. of India, P.W.D.

The Provincial grant for Public Works for 1896-97 having been notified by the Financial Department, the usual meeting of the committee to consider the detailed distribution of the grant will be held at Fort St George on Jan. 7th 1896 at 10 clock p. m.

2. The grant has been fixed at Rs 27,00,000.

3. A list of the works brought forward by the Heads of Departments and Supdtg. Engineers is circulated.

I have made some alterations in the copy separately sent to me & have returned it with the request that it may be handed to me when the Council meets

urgent G.O. 461-2W 5.12.96

The order on the Provincial Budget for 1896-97 has been passed and it is proposed to print and issue it at once. The remarks of Hon. Members can be replied to afterwards - they do not affect the budget in any way. And it is of importance that the budget should be got out at once.

The Hon. Mr. Bliss explains why the allotment grant to the P. W. Dept has been fixed so high. It is certainly a convenient arrangement for the Financial Dept. but the P.W. Dept is frequently charged with inability to carry out work. the criterion being the largeness of the lapse or surrender during or at the end of the year. If this complaint is made next year, the answer will be easy - viz (1) Unsanctioned works being put into the budget. the allotments for

Secretary of Committee to consider the distribution of the Provincial grant for 1896-97 under 45. Civil Works

Note the printed

NOTE.

The following replies are submitted to the questions put by the Honourable Mr. Bliss at the Budget meeting:-

Questions.	Replies.
1. It is stated in the note that the sum usually reserved for incomplete works is Rs. 2,50,000; but in this year's budget the sum entered is 5 lakhs and odd. Why is this?	1. The assignment for 1895-96 was exceptionally large, being Rs. 30,20,000 against Rs. 20 to 25 lakhs in previous years. The provision referred to, of Rs. 5 lakhs and odd made in the budget included a sum of Rs. 1,00,000 which the Financial Department put into the P.W. budget as a reserve for themselves, to be drawn on later in the year. The sum -- usually reserved is about RS. 2,50,000 only. The reserve for -- 1896-97 also comes to Rs. 5 lakhs and odd. This is explained in detail in the accompanying note marked (A).
2. If 43. Provincial Minor Works and Navigation is saved Rs. 60,000 by the Tank Restoration Establishment being charged to 45. Provincial Civil Works, why should the grant for the former not be reduced by Rs. 60,000 and the latter increased by that sum?	2. This may be done, but there seems no necessity, as the grant under 45. Civil Works is already in excess of immediate requirements.
3. Rs. 82,000 is provided for "Minor Works" as per Suptg. Engineers' budgets; but besides this there are -- apparently many minor works entered in	3. The sum of Rs. 82,000 is -- intended for works costing less than Rs. 500, while the works entered in the detailed list cost Rs.

Thanks for the info 4/12/96

in the detailed list which are - shown as sanctioned by Suptg. Engineers. Why are the latter not included in the Rs.82000?

to Rs2500.

Rs.500 and ~~upwards.~~ The allotment of Rs.82000 is therefore in addition to the works brought forward in the list.

Sir,

With reference to your post-card No. 2436, dated 3rd September, regarding the submission of the list of provincial works I have the honour to enclose the same.

As regards the Mantapam to the District Munsif's Court, Puttur, work No. 1, on the list, I have the honour to state that this work was included in the list of last year and the Engineer was informed agreeably to the suggestion of the High Court in letter No. 180, 24-1-94. that an inexpensive tiled shed would do, and this year he has been again informed of it.

I have, &c.,

To

District Judge,
South Canara.

Sir,

With reference to your letters dated —
24th December 1893 and 10th instant, Nos. 118
and 1 respectively, I am directed to state
that the Government has been requested
to issue orders to the Public Works Depart-
-ment for the preparation of plans —
and estimates for the repairs to the —
tower and roof of the District Munsiffs
Court at Puttur.

2. As to the construction of a Mandap-
-tapam, I am to add that it is not —
likely that Government will provide
funds for such a work or at all events
on the large scale suggested. The High
Court —

Court, however, considers that an inex-
-pensive tiled shed would sufficiently
answer the purpose, and I am therefore to
request you to have a plan and estimate
for such a shed prepared and sent to
me.

Proceedings, 2nd October 1895, *No.* 357.

Submitting to Government a consolidated list of works proposed to be executed by the agency of the Public Works Department during the year 1896-97.

PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—District lists of works proposed to be carried out by the Public Works Department during 1896–97.

RESOLUTION—dated 2nd October 1895, No. 357.

With reference to Government Order, No. 525 W., dated 28th February 1893, communicated with Government Order, Mis. No. 1084, Revenue, dated 16th March 1893, the Board begs to submit a list of works proposed to be executed through the agency of the Public Works Department during the year 1896–97. The list is incomplete for want of returns from Cuddapah, Chingleput and Tinnevelly.

2. The Collectors of only two districts, Anantapur and South Canara, have arranged the works in the order of urgency as directed in paragraph 2 of Government Order, No. 525 W., dated 28th February 1893, communicated in Board's Proceedings, dated 29th March 1893, No. 149.

3. The proposal to build a taluk cutcherry at Manantoddy having been abandoned (*vide* Government Order, No. 592, Revenue, dated 29th August 1895, communicated in Board's Proceedings, dated 7th September 1895, No. 4509), this work has been omitted from the Board's list.

4. In the Godâvari list, the allotment for 1896–97 has not been noted in respect of works Nos. 6, 9, 10 and 11. The Collector states that the necessary information has not yet been furnished by some of the Divisional officers and that a supplemental list will be submitted if necessary.

Police hospital with out-houses at Kurnool.
Sub-Registrar's office at Pattikonda.
Police Superintendent's office at Kurnool.
Residence for Assistant Superintendent of Police at Nandyal.

5. The Board has omitted from the works relating to Kurnool those noted on the margin as they do not concern the Land Revenue Department.
