JUNE.

Government of India letter requesting that a revised — appended to the Irrigation Administration Report, may be adopted in future reports in lieu of the existing form, communicated to the Chief Engineer for Irrigation, and the Board of Revenue requested, with remark, to arrange for the annual submission of statistical statements III-E and IV-E, and to report by what date copies of those statements can be made available for transmission to the Government of India.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.

READ—the following paper:—

From N. F. MACKENZIE, Esq., Under Secretary to the Government of India, Public Works Department (Civil Works—Irrigation), to the Joint Secretary to the Government of Madras, Public Works Department, Irrigation Branch, dated Simla, 12th May 1897, No. 145 I.

I am directed to inform you that the Government of India have reconsidered the form of statistical statement IV-E appended to the Irrigation Administration Report, and as this statement is intended to be a record of irrigation by districts in which the district is the governing unit of the figures, they have re-arranged the columns accordingly. A copy of the revised form is forwarded herewith, and I am to request that it may be adopted in future reports in lieu of the existing form. I am also to request that all irrigation from works under the control of the Irrigation Branch of Public Works Department may, in future, be entered in statement IV-E, the irrigation from tanks, &c., not at present shown in the statement being shown in a lump as "petty works."

2. As the annual comparative statement of irrigation and rainfall furnished by the Government of Madras in compliance with the orders of the Government of India issued in Public Works Department Resolution, No. 557-68 I., dated the 5th September 1873, contains much the same information as statement IV-E, the Government of India desire that its submission in future as a separate statement may be discontinued.

3. For the purposes of the Government of India it is desirable that copies of statements III-E and IV-E should be received as soon after compilation as possible and considerably in advance of the Administration Report, and I am to enquire by what date copies of these statements could be supplied to the Government of India.

ENCLOSURE.

IV-E.—Comparative Statement of Irrigation and Rainfall for the years 189-9, in the

Civil District.	Of the Civil District.			Works supplying irrigation.		Culturable area commanded by the irrigation Works in column 6, in acres.	Area at present estimated as annually irrigable by the works specified in column 6.	Area irrigated, in acres.				Rainfall, inches.			
	Total area, in acres.	Culturable area, in acres.	Cultivated area, in acres.	No.	Name.			189-9.		189-9.		189-9.	189-9.		
								Kharif.	Rabi.	Total.	Kharif.			Rabi.	Total.
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16

Note.—When a Civil District is irrigated from two or more irrigation works, columns 7-14 inclusive should be totalled separately for each Civil District so irrigated.

ORDER—No. 589 I., dated 29th June 1897.

Communicated to the Chief Engineer for Irrigation.

2. The Board of Revenue (Revenue Settlement, Land Records and Agriculture) will be requested in the Revenue Department to arrange for the preparation and submission annually, commencing from the year 1896-97, of statistical statements III-E and IV-E, in lieu of the information hitherto furnished to the Chief Engineer for Irrigation for the compilation of those returns to be appended to the Administration Report of the Public Works Department, Irrigation Branch, and to report, with reference to the concluding paragraph of the foregoing letter, by what date copies of the statements could be made available for transmission to the Government of India.
