No. 665 I., 11th August 1896.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following papers :—

From the Executive Engineer, Buckingham Canal Division, to the Superintending Engineer, II Circle, dated Madras Basin, 17th April 1896, No. 157.

I have the honour to forward, herewith, an extract from the Examiner's audit note on the accounts of this division for February 1896 and to request you to obtain the sanction of Government authorizing the Examiner to admit the outlay incurred during 1895-96 pending sanction to the estimate for the project.

2. Liabilities to the extent of about Rs. 400 have still to be adjusted, and sanction to pay the same is also requested. These were incurred before the receipt of G.O. No. 190 I., dated 21st February 1896.

ENCLOSURE.

EXAMINER'S audit note on the accounts of the Buckingham Canal Division for the month of February 1896.

9. (c) Item No. 18.—Tramway plant for Cooum Improvement Scheme.

As it is observed from C.B.Vr. No. 1/C.S., and item No. 3 of schedule of credits to transfers No. 32 E., that railway fare has been paid for some sleepers from Calicut, it is presumed that these sleepers were received in the division. If so, enquires why these were not brought on the statement of tools and plant.

In G.O. No. 190 I., dated 21st February 1896, the commencement of the work on the canal from the Madras Harbour to the Buckingham canal, was ordered to be deferred and that no liabilities should be incurred till further orders.

Enquires as the tramway plant for the Cooum Improvement Scheme is to be charged to the above, whether any further payments have to be made on this account and whether any other charges are likely to take place before further orders are issued, and if so, requests that the total outlay already incurred may be early reported to Government and orders obtained to the outlay being accepted pending sanction to the estimate for the project.

No. 46 B.C.

Forwarded to the Chief Engineer for Irrigation for favour of obtaining the sanction of Government authorizing the Examiner, Public Works Accounts, to admit the charges incurred before the receipt of G.O. No. 190 I., dated 21st February 1896, in connection with the tramway plant for the Cooum Improvement Scheme.

(Signed) W. L. C. BADDELEY, Major, R.E.,
Superintending Engineer, II Circle.

29th April 1896.

Memo. No. II/52 B.C.

With reference to endorsement No. 46 B.C., dated 29th April 1896, of the Superintending Engineer, II Circle, the undersigned has the honour to request that he will be so good as to submit, for the orders of Government, a statement showing by departmental heads the outlay, including liabilities, incurred during the past official year on the Cooum Improvement Scheme.

9th May 1896.

(Signed) F. J. WILSON,
for Chief Engineer for Irrigation.

From the Officiating Executive Engineer, Buckingham Canal Division, to the Superintending Engineer, II Circle, dated 1st May 1896, No. 254.
