As to the photographs, a reference to Mr. Holben I am right in saying that they were printed on carbon paper, prints on which are more or less fugitive – If so, could not fresh copies be taken on bromide paper or what on the kind of paper is prints on which are permanent? Would it think, be laid down as a standing rule in the Dept that all prints of photos taken to illustrate the history of progress of engineering works should be taken by some permanent process.

FOR ORDERS.

With reference to His Excellency's remarks on P.W. Comment № 5206 and note by Mr "for orders", I placed myself in communication with Mr. A. J. Mackenzie Exec. Engr. Chingleput Div., whose long connection with the Periyar works indicated him as a competent officer to write the History of the Periyar Project. He has expressed his willingness to do so, and I would therefore recommend that his proposal be accepted, and the remuneration fixed at Rupees. 1000.

I consider it necessary that an Engr.
