AUGUST.

The Superintending Engineer, IV Circle, directed to report as soon as possible whether any modifications are now considered necessary in the sanctioned estimates for the improvement and extension of the —, Coimbatore division.

No. 705 I., 17th August 1896.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.

READ—the following paper:—

From N. F. MACKENZIE, Esq., Under Secretary to the Government of India, Public Works Department (Civil Works—Irrigation), to the Secretary to the Government of Madras, Public Works Department, dated Simla, the 20th July 1896, No. 143/I.

I am directed to point out that as the sanction of the Secretary of State to the revised estimate for the improvement and extension of the Kalingaroyen channel, which was communicated to the Government of Madras in Public Works Department letter No. 36 I., dated the 7th March 1891, expired on the 30th January 1896, an application for an extension of that sanction for a further period of five years should have been submitted for the orders of the Government of India in accordance with the rules in paragraph 18, Chapter V of Public Works Department Code, volume II, and I am to request that this may now be done.

ORDER—No. 705 I., dated 17th August 1896.

It is observed that the ruling quoted by the Government of India contemplates the submission, on or before the expiry of sanction to an irrigation and navigation work, of a statement showing the actual expenditure incurred against the sanction and the sum remaining available for future expenditure. No outlay having been incurred on the sanction accorded to further improvements and extension of the Kalingaroyen channel, owing to funds not having been sanctioned by the Government of India, an extension of sanction was not applied for. Before, however, submitting the application now called for, the Superintending Engineer, IV Circle, will report, as soon as possible, whether, owing to the prevailing rates for labour and materials or other causes, any modifications are now considered necessary in the sanctioned estimates for the project.

(True Extract.)

Under Secretary to Government,
Irrigation Branch.

To the Chief Engineer for Irrigation.
" Superintending Engineer, IV Circle.
" Examiner, Public Works Accounts.

To

The Secretary to the Government of Madras,
Public Works Department.

Simla, the 20th July 1896.

Sir,

I am directed to point out that as the sanction of the Secretary of State to the Revised Estimate for the improvement and extension of the Kalingeroyen channel, which was communicated to the Government of Madras in Public Works Department letter No.36 I., dated the 7th March 1891, expired on the 30th January 1896, an application for an extension of that sanction for a further period of five years should have been submitted for the orders of the Government of India in accordance with the rules in paragraph 18, Chapter V of Public Works Department Code Volume II, and I am to request that this may now be done.

I have the honour to be,

Sir,

Your most obedient servant,

Under Secy. to the Govt. of India.
