AUGUST,

Permission to construct an earthen — across the Isukavagu, an affluent of the Yerracalva, and to repair a small channel at his own cost, granted to a private individual of Borrampalem, Gódvári district, on certain conditions.

No. 727 I., 26th August 1896.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.

READ—the following paper :—

From J. C. LARMINIE, Esq., Superintending Engineer, I Circle, to the Chief Engineer for Irrigation, dated Chettipet, 31st July 1896, No. 871 G.D.

I have the honour to bring to your notice that there is a hill stream called Isukavagu, which takes its rise in the Nizam's country and falls into Yerracalva in Ellore taluk, Gódvári Western division.

2. P. Venkayya, an inhabitant of Borrapalem, requests permission to construct an earthen dam across the above vagu and to repair a small channel at his own cost, in order to bring into wet cultivation his dry lands in Rudra Kotrajugudem in Ellore taluk. He agrees to the bund being

* Vide G.O., No. 899 I., dated 15th Nov. 1894. treated as Government property after completion * and to any alterations being

made by Government to the bund, as it may deem proper at any future time, and to pay wet assessment on the land.

3. The Collector's opinion has been obtained and he raises no objection to the permission being granted.

4. It is not considered advisable to construct a masonry dam at the expense of Government, as the extent of land to be irrigated is small.

5. The channel which the petitioner Venkayya wishes to repair may be treated as a field channel.

6. I therefore request that the permission asked for may be granted. If it should be found necessary at any future time to remove the earthen bund, it can be done without payment of compensation, it being Government property.

ORDER—No. 727 I., dated 26th August 1896.

The permission asked for is granted on the conditions stated.

(True Extract.)

Undr Secretary to Government,
Irrigation Branch.

To the Chief Engineer for Irrigation.
" Superintending Engineer, I Circle.
" Examiner, Public Works Accounts.

ENCLOSURES. -

SUBJECT.

Constructing an Earthen Dam across
the Isakavagu, an affluent of the
Yerracalva and to repair a small
channel at the expense of the petitioner
P. Venkayya — Recommending that
the permission asked for for —
may be granted

wet assessment on the lands.
3. The Collector's opinion has been
obtained and he raises no
objection to the permission being
granted.

4. It is not considered ad-
-visable to construct a ma-
-sonry dam at the expense
of Government as the extent of
lands to be irrigated is small.

5. The channel which the peti-
-tioner Venkayya wishes to
repair may be treated as a
field channel.

6. Therefore request that the
permission asked for may be
granted. If it should be
found necessary at any future
time to remove the earthen bund
it can be done without payment
of compensation it being Govt.
property.

I have the honor to be
