3. The General Superintendent Public Works Stores has, in his letter No 28.D dated 10th January 1896 (copy enclosed) intimated that he has applied for a grant of Rs 50000 presumably from Provincial funds for value of the Periyar machinery to be sent to Public Works Stores, this will involve a corresponding credit of Rs 50,000 to the Imperial Grant for the year which you may wish to take advantage of to utilize in other Divisions, but which I cannot spend if allotted to this Division.

The period of transit between Periyar and Madras is moreover so entirely uncertain that it is impossible to calculate whether machinery to the amount of ten or of seventy thousand rupees may reach Madras by 31st March. I consider that it would be for these reasons much simpler to postpone the adjustment of the value of the Periyar machinery till it shall all have reached Madras (which will probably be in April or May)
