SUPERINTENDING ENGINEER, V CIRCLE,

To

THE *Chief Engineer*

P. W. Department.

SIR,

With reference to G. O. No. 460 D dated
5th February 1896, paras. 7 & 8 and the
Provincial Civil Works Budget for 1896-97
Item 84. Class A Works - "New Court House
for the District Munsiff" at Villu-
puram in the South Arcot District.

Enclosures.

2. I have the honour to request
permission to commence the burning
of bricks for this work at once, in
anticipation of sanction to the
estimate, which will be submitted
with as little delay as possible -

3. Unless the bricks for this work
are burned before the rains, it will
not be possible to commence work on
the

the building before the beginning of 1897.

4. During the current year at
Villupuram, there has been very great
delay and nearly the whole of the original
grant for the work "Constructing a
Cemetery" has had to be surrendered,
owing to the fact that bricks were not
burned before the monsoon, and I
wish to avoid this in the case of the
Munsiff's tomb.

I have the honour to be

Sir,

Your most obedt. servant.
