Since initialling this I am not sure that the order would be right. It seems to me that if this well is being used the petitioner has a claim to compensation.

CWB
20.2.96

Dw

Beyond the statement of the petitioners, there is nothing to show that the well was constructed by their father. Besides, any permanent construction becomes the property of the owner of the land on which it is built.

The land was acquired by Govt. from the municipality, & the well came into the possession of Govt. with the land.

The petitioners have apparently no legal claim to compensation, & but if considered

Most honored Sir,

'We the undersigned beg to bring to your honor's notice the followin few lines -

We the sons of Rajah Vencata Prasad Srinva Bahadur, own a large well in the old buryi ground ~~adjoyning~~ adjoining the Ice house Contrary to the object with which it was dug, the whole ground with the well was sold to Government by the Municipal Authori in 1887. I applied to the Ml authorities in 1888 for Compensation. They replied me, stating that the ground being sold, the propper channell for us would be to apply to the Consulting Architect to Govt. I did accordingly and Mr Brassington was kind enough to give me an endorsement, that I may expect compensation when the said well was being used by them. The well is now being used, and for my letter to the Consu Architect, he replied, that the value had be settled already with the Municipal Authorit We wrote again to the authorities, who in th letter No 628 dated 7th September 1892, sta that the well is used by the Consulting Archi and not by them.

Such are the circumstances under whic

BACK

the poor petitioners are placed. We
have put the case to your honour's kin
consideration. We beg again to brin
to your honour's notice that unless
compensation is awarded, we are
prepared to file a regular suit.

We beg to remain,
Honored Sir,

2. On the 11th May 1887 Rimsha Coopo Lall and Balajee addressed a letter to this offi stating that their father Raja Vencata Prasa an Officer in the Durbar of the late Nawab of the Carnatic, constructed a well in the burial ground at a cost of Rs 350/ and that they applied to the Municipality for compensa when the burial ground was made over to Government and that the President refus

them

them to this office. They further stated that with the money they receive "they will construct "a well, which is very essential in the present "burial ground"

In reply to their letter Mr. Brassington stated as follows;

"If a well is required in the new burial "and burning ground, the necessity for such "should be pointed out to the Municipality "who will doubtless have one constructed, or "any other means adopted for obtaining a "supply of water"

On the 28th May 1887 Ramsha Coopoo Laul stated as follows;

"No doubt the Municipality has adopted means for obtaining a supply of water; but the well which our father constructed was his memorial. We therefore hope that if you will allow compensation we will construct another thing, though not a well as our fathers memorial in the present burial ground"

On the 28th September 1892 the same p rties applied for compensation and I replied that the matter was disposed of by my predecessor nd I declined to have any further correspondence n the subject.

The statement made in their present etter that "Mr. Brassington was kind enough ive me an endorsement that I may expect

compensation

" compensation when the said well was being "used" cannot be borne out from the records of this office.

I may mention that there is nothing to shew that the well in question is a memorial nor am I in a position to state if it was constructed by the petitioners father

Most Honored Sir,

In Continuation of our petition sent to your honor December last, we bring to your honor's kind notice, the following few lines:—

We the sons of Rajah Vencata Prasad Srimant Bahadur own a large well in the old buryal ground adjoining the Icehouse. Contrary to the object with which it was dug, it is now being utilised by Government for other purposes. Our Correspondence to the Municipality and to the Consulting Achitect and its results have been referred by us in our petition December 18th 1895 to your honor. Till now, we are not blessed with any reply. We once more bring to your honor's kind notice, that we are prepared to file a regular suit unless Compensation meek is awarded us.

We beg to remain
