Copy of letter No. 4862 dated 20th February
1896, from L. A. T. Norfolk Esquire Executive
Engineer, General Division to the Superin-
tending Engineer, Circular Barrage.

I have the honor to request that you will
be good enough to obtain sanction of Government
under para 16 Chapter VI volume I of the P.W. Code
to the Sub Divisional Officer Lumbar. hiring
a private building at Markaper on a monthly
rental of Rupee from 20th May 1895 for securing
the materials obtained departmentally for
the new Deputy Collectors Butecherry at the
place now under construction.

The charge is unavoidable as there is no
other public building available at the Station
for the purpose.

2. The hired building will be given up so soon
as the material stored therein viz: Calicut
tiles, lead sheeting, asphalt &c are taken charge
of by the Contractor and used on the work.

3. The delay in applying for a requisite sanction is due to the fact of the building having been hired not being known in the Office till the first charge on account, appears in accounts for November.

No 3690
1-3-96

Submitted to the Chief Engineer, P.W.
Department for favor of sanction, under the
circumstances explained by the Executive Engi-
neer.
