PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read again 30.12.175. 3 25. October 1895.

Read the following paper.

Proceedings of the Public Works Department dated 14th January 1893
No 144 W.

Order No 393 dated 26th Jan February 1894.

The difficulty of procuring water for domestic purposes at Polavaram appears to constitute a strong objection to building there. The Government is not at present prepared to direct that the Special Assistant Agent's quarters should be permanently transferred to Rajahmundry especially as the Godavari Coal Company's operations, if successful, may possibly render it advisable to have a European Magistrate near the mines. For the present, however, the proposal to erect a residence at Polavaram may lie over and the Special Assistant Agent will be permitted until further orders to make Rajahmundry his Head Quarters if accommodation can be found there for himself and his office.

3. The Agent to the Governor will be requested to report at the beginning of 1897 generally upon the question of the most suitable place for the Head Quarters and in particular his opinion as to the success which has met the present arrangement.
