Endorsement in the Public Department, dated 2nd November 1895, No. 2621.
From the Superintending Engineer, VI Circle, dated 22nd January 1896, No. 74 M.D.
Memorandum in the Public Works Department, dated 13th February 1896, No. 847 C.
From the Superintending Engineer, VI Circle, dated 22nd February 1896, No. 193 M.D.

Order—No. 853 W., dated 9th March 1896.

D/ The foregoing papers relate to a proposal to purchase a house and land at Kodaikánal, the property of Mr. W. H. Doll, in view to the building being utilized as quarters for the Assistants to the Government Astronomer.

2. Mr. Doll having intimated his willingness to accept for the property a sum of Rs. 4,000, free of all charges, the Superintending Engineer, VI Circle, will, in communication with the Collector, take steps, under the provisions of the Land Acquisition Act, 1894, to acquire it for that price. After the purchase has been completed the necessary repairs should be carried out, the cost of which is estimated by the Superintending Engineer at Rs. 660.

3. The expenditure will be met from the grant of Rs. 8,400 made in the Imperial Civil Works budget estimate for 1896-97 for quarters for the Astronomer's establishment.

1 - Tracing -
+ will follow.

With reference to your No: 632 D dated 26 July 1895, I have the honor to forward a tracing showing the position of Mr: Doll's house - plot No: 138. The extent of land is between 7 and 8 acres. A portion of the land near the house is planted with wattle and other trees but they are of very little value as the soil is too barren and rocky for anything to thrive on it. The house comprises one sitting and two bed rooms, all very small, with bath rooms &ca and kitchen. The floors are of a very rough d[illegible] -tion, the walls low, the roof [illegible] of Corrugated iron which If it is

Mr. Doll said 15 acres
R.S.

Mr. Doll said 8 rooms
R.S.

B.

500—13-11-93.

to have been previously used on another building. The roof does not appear to have been properly tied down as stones are placed on it to prevent it being blown off. There are no separate servants' quarters. For an expenditure of Rs 500 for good floors, refitting roof and ~~sundry~~ sundry repairs, the building could be made a suitable residence for one of the Observatory assistants.

2. The property was put up to auction a couple of months ago & Rs 3000 offered but Mr: Doll, I am informed, refused to let it go under Rs 4,000. I think however that Rs 3000 is about the value.

3. The Government Astronomer considers that the Assistants' houses should be in a sheltered situation but no house can be sheltered from th monsoons unless by planting. nably shelter from the N. E. s the more important but objection to the site when e best obtained viz near

the eastern boundary of plot $\frac{130}{1}$, that the drainage would pass into the only perennial stream between Kodaikanal & Poombarai. The site selected before Mr: Doll offered his property for sale is on the north of the road in plot No: $\frac{130}{2}$ and to the west of it. I think it a fairly good site but not so good as could be obtained in Mr: Doll's land west of the house. It may be objected to both sites that they drain towards the Pambar above Fairy Falls. I understand the Sanitary Engineer has recently inspected the Pambar Valley with a view to ascertain whether a reservoir could be made there for the supply of Kodaikanal. As the drainage area even at Fairy Falls is only about a square mile it seems probable that if a reservoir [illegible]er made it will not be to the S e. of the sites in question: it would perhaps be as well to ascertain the Sanitary Engineer's opinion before final selection of site is made. If it is objectionable to build in the Pambar valley the alternative is to build on the east of the Observatory where the houses will be exposed to the N. E. Monsoon unless the Government Astronomer will waive his objection to having the houses near and in view of his own.

CURRENT No. 2930 L

From

J. A. JONES, ESQ., MEM. INST. C.E., F.R.S.E.,
SANITARY ENGINEER TO GOVERNMENT,

To

The Chief Secretary to Government
Local and Municipal Department.

SIR,

With reference to your endorsement No. 2361 (Public Department) dated 4th October 1895 I have the honor to refer you to my No. 2113 dated 1st August 1895. My proposals in regard to the Kodaikanal Water Supply include the erection of a dam across the falls and therefore to the erection of houses on any site draining towards the Pambar River and entering it below the falls I have no objection so far as the purity of the proposed water supply is concerned.

2. At the same time the erection of houses on plots 130/2 & 130/1 would necessitate drainage arrangements to cross under the supply channel I have proposed, and would increase, to some slight extent, the cost of that work.

3. Mr Hughes evidently anticipates that owing to the small area above the falls any proposed reservoir would be further down the valley and to the east of them – but I selected the area above the falls because it is quite sufficient for the small population of Kodaikanal and because it commands the village which any site lower down would not do and would necessitate pumping the water.

I have the honor to be
Sir,
Your most obt. servt.

SIR,

In reply to your endorsement No. 2563 of the 28th October 1895 on the Sanitary Engineer's letter No. 2937 of the 8th instant and other correspondence* I have the honor to submit the following remarks.

* herewith returned.

2. There can be no doubt that it would greatly simplify the question of a suitable location for the Assistants' quarters if Mrs. Dall's house could be obtained, and so far as appears from what is stated by the Superintending Engineer the cost of the house and the necessary alterations would be less than the cost of a new house for the First Assistant since the estimate for that is Rs 5,486.

FROM
W. Hughes Esquire
~~THE~~ SUPERINTENDING ENGINEER,
6th CIRCLE.

TO
THE CHIEF ENGINEER, P.W.D.

SIR,

ENCLOSURES. 6,

With reference to the papers bearing your endorsement No: 3332 C dated 6th November 1895, I have ascertained from Mr: Doll that the lowest price he is willing to take for his property is Rs 5,000. The Executive Engineer's valuation comes to Rs 3,175 and it will take Rs 660 to put the house in repair. I consider the Executive Engineer's valuation a fair one but it would perhaps be better to pay a liberal price than incur the trouble and delay of taking up the property under the Land Acquisition Act

2. I enclose a tracing showing

the levels of the river above the Fairy Falls and principal points on the way to Kodaikanal and in the settlement. It will be observed that the Saddle near the junction of the Poombarai & Upper Lake Roads is over 100 feet lower than the head of the Falls. The whole settlement except perhaps three houses on the west of the Lake would be completely commanded by a reservoir anywhere above the Falls.

I have the honor to be
Sir,
Your most obedt. Servant

W. Hughes
Superintending Engineer

W. Firck

Is it not very arbitrary to acquire this property under the Act? It is a private house.

CH.B.
5/2/96

D.W.

Mr Doll agrees to sell the property, & the only question is what price shall be given for it. If he accepts the figure which may be offered, the property will be taken up under the Act as a mere formality, & there will be nothing arbitrary in the proceedings. The Govt. has ordered the Act to be put into force in all such cases with the object of securing an absolute title.

It will perhaps be better to definitely settle a price with Mr Doll. before further

847 C. No. 723

S. A. W.

A sum of Rs 8,400 has been provided in the Imperial Civil Works Budget for 1896-97 for ~~constructing~~ quarters for the establishment of the Govt. Astronomer at Kodaikanal and the purchase value can be met from this grant.

The G.O. requiring that all lands should be acquired under the Act is submitted.

I regret I have not been able to attend to this current owing to pressure of work which still continues

READ the following :—

4., dated 22nd January 1896.

S. as to whether the property
ll be purchased.

The Superintending Engineer con-
ers the Executive Engineer's valu-
on of Rs. 3175 a fair one, but he
nks it better to pay a liberal
e, than to incur the trouble and
y of taking up the property un-
the Land Acquisition Act.

Under G.O. No. 408 Revenue dated
May 1891 however the property
be acquired under the Act, and
t is decided to purchase it, or-
are requested as to what price
be offered to Mr. Doll. He wants
,000 against the P.W. valuation
s. 3175. If he accepts the figure
h it may be decided to offer, the
ector can then be directed to
y out the formal procedure re-
ed by the Act.

Read the following :—

From the Suptg. Engineer, VI Circle, No. 74., dated 22nd January 1896.

FOR ORDERS. as to whether the property shall be purchased.

2. The Superintending Engineer considers the Executive Engineer's valuation of Rs. 3175 a fair one, but he thinks it better to pay a liberal price, than to incur the trouble and delay of taking up the property under the Land Acquisition Act.

3. Under G.O. No. 408 Revenue dated 6th May 1891 however the property must be acquired under the Act, and if it is decided to purchase it, orders are requested as to what price may be offered to Mr. Doll. He wants Rs. 5,000 against the P.W. valuation of Rs. 3175. If he accepts the figure which it may be decided to offer, the Collector can then be directed to carry out the formal procedure required by the Act.

6/2/96
W.

I certainly think after a personal inspection of this place that it ought to be bought - It will be a very convenient place for putting houses for subordinates on, as it is sheltered, and it is also most desirable for the Govt. astronomer that it should not get into the hands of objectionable people.

W
6 Feb

I would offer him 4000 - Anyhow it will have to be acquired under the Act.

Sir,

With reference to your endorsement of 15th Instant, No: 157 Ind. forwarding copy of a memo from the Government P.W.D. No: 847 C dated 13th Idem I have to state that I am willing to accept Rs 4,000, free of all charges, for my property at Kodaikanal comprising the house plot No: 138, measuring about 8 acres, trees, house and all belonging to it, although I am losing a great deal by the sale at the price fixed by Government.

May I request, however, the

when final orders are issued by the Government regarding the acquisition of the property, the Govt. will be good enough to make the amount payable to me at the Government Treasury of the Civil and Military Station of Bangalore.

I have &ca
