No. 98, FINANCIAL, 13TH FEBRUARY 1896.

GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

READ—the following paper:—

Endorsement of the Revenue Department, No. 301, dated 1st February 1896, transferring to the Financial Department a letter from the Officiating Accountant-General, No. 235, dated 29th January 1896, forwarding Proceedings of the Board of Revenue (Revenue Settlement, &c.), No. 6550, Mis., dated 29th November 1895, together with copy of the following correspondence with the Government of India, and remarking that there is no objection to the travelling allowances claimed by M.R. Ry. P. Valayudan for his journey from Madras to South Canara to join his new appointment being sanctioned.

ENCLOSURES.

From F. C. HARRISON, Esq., Officiating Accountant-General, to the Secretary to the Government of India, Financial Department, dated Fort St. George, 18th December 1895, No. 3550.

I have the honour to submit the following case for the orders of the Government of India.

An examiner in the Settlement branch of the office of the Board of Revenue who was appointed as supervisor in the Settlement party, South Canara district, was relieved of his duties on the 17th August 1895 and ordered to start on the 19th idem to join his new appointment without delay. He claimed travelling expenses for the journey from Madras to Mangalore under Article 1205, Civil Service Regulations, submitting in support of the claim an order of the Board, dated 30th August 1895, sanctioning his statement of charges which he filed on the day he was relieved of his duties at Madras.

2. As the written order of the Board was not obtained prior to the officer's proceeding on his journey, my office objected to the claim under the interpretation placed on Note 1 to the article as reported in Mr. Rawlins' letter to you, No. 1517, dated 2nd June 1894.

3. The Board, however, contends that the requirements of the note have been met inasmuch as the statement of charges was duly submitted before the officer proceeded on his journey and that it is not expressly laid down that an officer forfeits all claim to the allowance if he starts before obtaining a written sanction.

4. In these circumstances, I beg to enquire what is the exact interpretation to be placed on Note 1 of Article 1205. Is it enough if the detailed statement of charges is posted before starting, or should the sanction be given, or both given and actually received, before the start is made?

From R. NATHAN, Esq., Officiating Under Secretary to the Government of India, Finance and Commerce Department, to the Accountant-General, Madras, dated Calcutta, the 16th January 1896, No. 210-Ex.

In reply to your letter, No. 3550, dated the 18th December last, I am directed to say that sanction to the statement of charges required by Note 1 to Article 1205 of the Civil Service Regulations should be given before the officer undertakes the journey.

RESOLUTION.

In the letter from the Military Department, dated the 22nd April 1895, it was decided that for the future Military officers permanently in civil employ should not be eligible under military rules for rewards for passing in oriental languages. The Governor-General in Council did not, however, consider it desirable that such officers should be altogether debarred from earning rewards for passing in such languages, and it was accordingly proposed to make the rules for the encouragement of the study of oriental languages among junior members of the Indian Civil Service published with Home Department notification, No. 1, dated the 2nd January 1880, applicable also to Military officers permanently in civil employ. Local Governments and Administrations were accordingly consulted on this proposal and have unanimously expressed themselves in favour of it.

2. The Chief Commissioner of Assam has expressed a doubt whether Rule VI of the rules published with the notification of the 2nd January 1880, which limits the period within which an officer is eligible for a reward for passing the Higher Standard, High Proficiency and Honours examinations to five, ten and fifteen years, respectively,

counted from the date of his first arrival in India, can fairly be applied, in all cases, to Military officers. He has urged that, although the rule is suitable for the case of Indian Civilians, among whom transfers from one province to another are comparatively rare, Military officers, who frequently do not take up civil work until they have been some years in military employ and may be posted to a province in which they have not previously been stationed, will be placed at a considerable disadvantage if the rule is strictly applied in their case. He accordingly suggests that Military officers in permanent civil employ should be allowed, in special cases, by Local Governments or by the Government of India, to count the time within which they may appear for examination from the date of taking over their civil duties in the province to which they are posted on entering civil employ. The Chief Commissioner of Coorg has also proposed that, so far as vernacular languages are concerned, officers of the Political Department, whether civil or military, should be allowed to appear at examinations for rewards under the rules obtaining in the adjoining Presidency or Province, but only in such vernaculars as are spoken in their Agencies. Orders on the latter proposal will be separately issued by the Foreign Department.

3. The Governor-General in Council has decided to adopt the suggestion made by the Chief Commissioner of Assam. In future, therefore, the rules of the 2nd January 1880 will apply to Military officers in permanent civil employ serving in the Provinces marginally noted, subject to the modification that the limits of time, specified in Rule VI of those rules, within which an officer can earn a reward for passing the Higher Standard, High Pro-

ficiency and Honours examinations, respectively, may, for special reasons, be extended by the Government of India on the recommendation of a Local Government or Administration.

4. His Excellency in Council will be glad if the Governments of Madras and Bombay will cause similar orders to be issued in respect of Military officers in permanent civil employ serving in the Madras and Bombay Presidencies, respectively, extending to them the rules in force in those Presidencies for the encouragement of the study of oriental languages among junior members of the Indian Civil Service. It will not be necessary for the Governments of Madras and Bombay to obtain the sanction of the Government of India to the extension of the period within which an officer can gain a reward by passing any of the examinations, but, as it will rarely, if ever, happen that an officer in civil employ in the Madras or Bombay Presidency will not have served with troops in the particular Presidency in which he is in civil employ, it is not probable that there will often be any ground for making such a concession.

ORDER.—Ordered that a copy of this resolution be forwarded to Local Governments and Administrations; that a copy be forwarded to the Department of Finance and Commerce and to the Military Department for information; that a copy, with a copy of the letter from the Chief Commissioner of Coorg, dated the 30th August 1895, be forwarded to the Foreign Department for information and the issue of further orders; that a copy be forwarded to the Secretary to the Board of Examiners for information; and that the resolution be published in the *Gazette of India* for general information.
