Indian should also like
to know whether we are to make
over these buildings to Military
without consideration in the way
of rent or otherwise. The other
day, when considering the site for
the proposed new Canal North of
Black Town, I noticed that com-
pensation was proposed to be
paid to Military for certain Sepoy
lines which we have to be taken up,
& enquiring, I was given to
understand that this was
right. If so, does not the converse
apply, have we to make over
these jail buildings without com-
pensation? What rent is now paid
to the Govt for the portion occupied
by the office of the Principal Secy. of P.W.
and, if none, by whom?
