Contribution Work

The execution by the Public Works Department of the — of supplying and fixing a cast iron pipe, 7" diameter, for No. 4 sluice of Vellalore channel, Coimbatore division, sanctioned.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Irrigation.

READ—the following paper:—

From H. H. O'CONNELL, Esq., Executive Engineer, Coimbatore Division, to the
Superintending Engineer, IV Circle, dated Coimbatore, 30th December 1895,
No. 5126.

I have the honour to inform you that the existing No. 4 sluice of cast iron pipe, 6" diameter, in Vellalore channel, has been found insufficient for the irrigation of all the lands under it and a 7" pipe sluice is now proposed to be constructed 100 yards higher up the channel in lieu of the existing one at the expense of one Ramasawmy Nadar of Nunjundapuram, who agreed to deposit the amount of the estimate (herewith forwarded) amounting to Rs. 90, and I have the honour to request you will be good enough to accord your sanction to the same.

ENCLOSURE.

REPORT to accompany estimate for supplying and fixing a cast iron pipe, 7" diameter, for
No. 4 sluice of Vellalore channel, No. 33.

Amount of estimate	Rs.
...	90

The existing No. 4 sluice is a cast iron pipe, 6" diameter, and as this has been found inadequate to irrigate efficiently all the lands under it, owing to their being on a high level, the owner of the lands petitioned for a larger sluice, and that he would himself bear the cost.

2. The Executive Engineer in his No. 4031 of 2nd October 1895, sanctioned a 7" diameter pipe sluice being constructed in lieu of the existing one, and the site of it to be removed 100 yards higher up the channel, and just below the railway crossing, and provision has been made in the accompanying estimate accordingly.

3. The work will be carried out as a "deposit" work, the owner depositing the full amount of the estimate before it is put in hand, and any unexpended balance remaining after its completion will be returned to him.

4. The existing 6" pipe will be utilized elsewhere when an opportunity offers.

5. The work will be carried out in accordance with the standard specification of the Public Works Department and to the entire satisfaction of the Executive Engineer.

(Signed) J. KELLY,
Sub-Divisional Officer.

13th December 1895.

No. 1 I.

Submitted to the Chief Engineer for Irrigation, for favour of obtaining sanction of
Government (*vide* paragraph 79, Chapter IX, Volume I of Public Works Code).

(Signed) J. HANNAN,
Suptg. Engineer, IV Circle.
