Sir,

In reply to your letter No. 66 I. dated 27th January 1896, I am directed to state that in this Presidency in the Buildings and Roads Branch, lump sum allotments are made to divisions for "Minor Works" and "Repairs", and that Executive Engineers have full control over these assignments.

2. In the Irrigation Branch the procedure is somewhat different. The rules in para 135 (k), chapter IV, Vol. II, P. W. Code are observed, with this exception that under "43 Minor Works and Navigation" appropriations are made by departmental heads, the Executive Engineers being responsible for keeping outlay on works duly sanctioned
