The above are entered in

regard to the first four
it is likely that the
senior man, Kalyanarama

for the appointment
He claims, however, of
the fifth man are it
is thought deserving of
consideration, special
attention being invited
to Mr. De Morgan's
d.o. letter dated 8th Jan.y
1895 - marked by red
tape in the linked file.
S.A. Somasundara Arjar
has been serving with
zeal & credit in the
Rasipuram Division
since his first appointment
to the department in
May 1888. And considering
how distasteful service
in the Northern Districts
is to Tamil Brahmins it
is a question whether advantage
of the opportunity should
not be taken by rewarding
one who has worked so long
and so well in a malarious
place.

The men who have
already been appointed

to the Provincial service
are

S. Subrahmanya Arjar
Mr. T. Hemingway
S. Krishnamachariar
and T. T. Raghavachariar

A record of their services
is given in the accompanying
pamphlet, and it will
be seen that all except
Subrahmanya Arjar have
served a very great deal
of their periods in the
Southern districts - for which
the Southern Brahmin prefers
the Southern places.
or other pleasant places.
I do not think that either
Mr. Dewsbury, Nilgiris and Mr.
or Raja Sopeltigampai
could safely be preferred
to Kalyanarama Arjar
and to select the latter
would be another instance
of giving the preference to
the Southern districts which
are already undue[ly]

popular. In the
interests of the department
it seems desirable to
make service in the
Native more popular than
it is by conferring benefits
when possible as those
who cheerfully serve there.
This can not, however, be
done as a rule without
superseding others who may
have done excellent work
elsewhere: but a selection
for an appointment to
the Provincial Service can
not be regarded really as
Supersession by seniors the
vast majority of whom would
never in any case be offered
such an appointment. It is
quite different to being passed
over in the grades of the
Department, and if the
Provincial Service is
intended a suitable person
appointed there would
already

appear to be no valid
reason against the
appointment for which
para 12, of Chapter II Vol I
P.W. Code states that
men selected should be
ordinarily Subalterns. Government can it is,

exception should they
see fit to do so.
