GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General-
Establishment.

READ—the following paper:—

From A. H. GARRETT, Esq., Executive Engineer in charge I Circle, to the Chief Engineer, Public Works Department, dated Waltair, 7th March 1896, No. 861 G.L.

I have the honour to submit the usual proposition statement of temporary establishment required in this circle for 1896–97 for your approval and sanction of Government.

2. The temporary establishment for which renewed sanction is now solicited has already been covered by sanctions to end of the current year as per Government orders quoted in the statement, with the exception of the following.

3. *Clerk in charge of Stores at Dumagudem, Gódávari Eastern division.*—This allowance was discontinued since the death of the late clerk as it is considered unnecessary to pay extra allowance, there being only a few tools to be accounted for in Dumagudem stores.

4. *Gódávari Western division—One clerk on Rs.* 20 *in place of one clerk on Rs.* 12.—This clerk is required for the Delta Superintendent at head-quarters who, under the direct supervision of the Executive Engineer, manufactures the lime for the three Gódávari divisions. He has the management of all the floating plant working in this division and the collection of stock of most of the irrigation works. A good clerk on Rs. 20 is necessary for discharging his office duties efficiently.

5. *One clerk on Rs.* 15 *for the Division office.*—Mr. Paul states that he reviewed carefully the working of the office since the old Gódávari Western division was split up into two divisions. He has come to the conclusion that one more clerk on Rs. 15 is absolutely necessary for the maintenance of receipt registers, &c., as the correspondence is heavy.

6. *Draftsman on Rs.* 20 *for Division office.*—The Executive Engineer considers three draftsmen essentially necessary with its deltaic area of 350,000 acres of irrigation. Two draftsmen can scarcely cope with the work of the preparation of the estimates for each year. Much important work, such as the completion of the village maps, preparation of maps and estimates for improvements in distributaries and especially in the drains, have to lie over for want of strength in the staff of draftsmen.

ENCLOSURE.

No. 1329 W., 27TH APRIL 1896.

Office-note from the Examiner, Public Works Accts., dated 20th March 1896, No. 820 D./E.

ORDER—No. 1329 W., dated 27th April 1896.

The temporary establishment required for the I Circle during 1896–97, as detailed in the statement submitted by the Superintending Engineer with his letter recorded above, is sanctioned, with the exception of a clerk on Rs. 15 per mensem provided for the Gódávari Western division. The latter appointment is proposed on grounds which, if accepted, would justify the employment of a permanent clerk. Fuller explanation should be afforded as to the necessity for this addition to the office establishment of the division.

2. This sanction has been registered as Provincial No. 8 W. of 1896-97, and classified as Establishment—Temporary.

Temporary Establishment required for the I Circle for 1896-97

DESPATCHED
11 MAY. 96

To
The Sr. I Circle
" Rurar P.W. Accts

Note for His Excellency the Governor.

The whole of the temporary establishment included in the list submitted by the Superintending Engineer, I Circle, is covered by previous sanctions, with the exception of the following items:—

Increase of Rs 8 per mensem to the pay of a clerk on Rs 12 per mensem in the Godavari Western Division	Rs 8
One extra clerk in the same division	Rs 15
1 extra draftsman-do	" 20
Total increase	Rs 43

Against this, a saving of Rs 30 per mensem is shown in other divisions by the discharge of two clerks, one on Rs 10, and the other Rs 20 per mensem, making the net excess Rs 13 per mensem.

As

* Took exception to one item only, the extra Clerk on Rs. 15. As this contemplated addition would is proposed on grounds, which if accepted, would justify the employment of a permanent Clerk. — I think further reasons should be called for. S.H. 17.4.96

As sufficient reasons appeared to have been given for the small increase, and in view of the fact that the work in the Delta divisions is very heavy, it was proposed to sanction the Superintending Engineer's proposals.

If, however, His Excellency desires it, further explanation will be called for.

To

The Chief Engineer
Public Works Department.

Sir,

I have the honour to submit the usual proposition statement of temporary Establishment required in this Circle for 1896-97 for your approval and sanction of Government.

2. The temporary establishment for which renewed sanction is now solicited has already been covered by sanctions to end of the current year as per Government orders quoted in the statement with the exception of the following.

3. Clerk in Charge of Stores at Dumagudem Godavari Eastern Division.

This allowance was discontinued since the death of the late clerk

ink as it is considered unnecessary to pay extra allowance, here being only a few tools to be accounted for in Dummagudem stores

Godavari Western Division.

4. One clerk on Rs 20 in place of one clerk on Rs 12/-.

This clerk is required for the Delta Superintendent at Headquarters who under the direct supervision of the Executive Engineer manufactures the lime for the 3 Godavari Divisions. He has the management of all the floating plant working in this Division and the Collection of stock of most of the irrigation works. A good clerk on Rs 20/- is necessary for discharging his office duties efficiently.

5. One clerk on Rs 15/- for the Division Office.

Mr. Paul states that he reviewed carefully the working of the office since the old Godavari Western Div. was split up into two Divisions. He has come to the conclusion that one more clerk on Rs 15-0-0 is absolutely necessary for the maintenance of receipt registers &c as the correspondence is heavy.

6. Draftsman on Rs 20/- for Division Office.

The Exe Engineer considers that 3 Draftsmen essentially necessary with its deltaic area of 3,50,000 acres of irrigation. Two draftsmen can scarcely cope with the work of the preparation of the estimates for each year. Much important work such as the completion of the Village maps, preparation of maps and estimates for improvements in distributaries and especially in the drains, have to lie over for want of strength in the staff of Draftsmen.

I have the honor to be
Sir,
Your most obedt Servt.

Signed
Exe Engineer in Ch 1st Circle
