The Chief Eng: for Irrig.
The Chief Engineer for Irrig.

Letter from the Executive Engineer
Buckingham Canal Division to the
Superintending Engineer, II Circle, dated
14 March 1896 No. 3033.

I have the honour to bring to
your notice that it is anticipated that
land compensation charges to the extent
of Rs. 3310 will have to be adjusted
in the accounts of this Division during
the current year 1895-96 under "45 Civil
Works Provincial Civil Buildings & A.
Major" for the "Archaeological Works
at Sumer Pagodas" sanctioned in G.O.
1826 A dated 23 July 1894; and to
request you therefore to be good enough
to address Government at an early
date with a view to reserve an
allotment to that extent under "45
Civil Works Provincial" in case
the adjustment has to be made.

2. Land compensation charges amounting

amounting to Rs 376, have already been charged to the above works; and another item, amounting to Rs 2,931, is held at debit of Miscellaneous Advances for want of information regarding name of work it is to be charged. The Voucher in support of the item has already been called for from the Examiner's Division.

3. On receipt of information from that Division application for additional allotment will be made by wire.

4. I have to point out that this office has no sort of check over such adjustments which are suddenly sprung often without any notice at all.

Rs 489 33c
25.3.96

Forwarded to the Chief Engineer for Irrigation for favour of compliance.
